

We take advantage of our naturally rich fruit and create a statement in wine style and flavour. Vine dried grapes are fermented into a concentration of flavour and richness. Regular Shiraz is passed over the semi-dried to create the DOUBLE RUN.

VINIFICATION & WINEMAKING

In 2022, the vineyard experienced primarily mild and cooler growing conditions. The timely arrival of September rainfall further supported the growing season, resulting in consistent fruit maturation. Harvested in cycles, grapes were destemmed and transferred to temperature controlled fermenters where this process extracted the intense colour and flavours from the skins. Vine-dried Shiraz is blended with our traditional Shiraz to create the DOUBLE RUN, which gives this classic variety a juicier and richer twist.
