**AUSTRALIAN
WINE**

Welcome

Hello and welcome to our Australian Wine Tasting. We're delighted to return to The Balmoral to host the biggest, brightest and most diverse showcase of Australian wine in Scotland.

With ancient soils, innovative winemakers and diverse climates, Australia has so much to offer. Australia is the size of Europe, but only around 145,000 hectares (0.02 per cent) of the country's total land mass is under vine, approximately the same area as Bordeaux and Burgundy combined. Australia is home to more than 150 grape varieties across 65 wine regions, where our creative winemakers are pushing the boundaries and crafting some of the most exciting wines in the world.

At this year's tasting we are showcasing more than 350 wines from 100 producers, ranging from the international superstars to the small boutique newbies. Explore wines from 37 regions across Australia and try 40 different grape varieties. Taste crisp vibrant whites, standout sparklings, elegant reds and thrilling alternative varieties. From the rogue to the refined, you'll discover Australian wines that are far from ordinary.

Some of the wineries today you may be familiar with, but others you might not have come across before. We extend a particularly warm welcome to the 10 producers that are seeking distribution in the UK – their tables are on the left-hand side as you enter the room.

Australia continues to be the number one country of origin in the UK off-trade market, with nearly twice the market share of its nearest rival Italy.

For Australian wine exports, the UK is the biggest market by volume – accounting for 36 per cent share of total export volume. Shiraz and Chardonnay, Australia's signature styles, are the top varieties exported to the UK as well as globally. Pinot Noir is also in the spotlight – exports of Australian Pinot Noir to the UK are up 28 per cent year on year.

For more information about Australian wine, please visit our education resource Australian Wine Discovered (australianwinediscovered.com). With comprehensive guides, editable PowerPoint presentations, images, maps, videos and quizzes, it is a useful resource for getting up-to-date on Australian wine, supporting your wine studies, running events or training colleagues.

If you have any queries about Australian wine, the Wine Australia team is on hand and please don't hesitate to contact us on uk@wineaustralia.com.

Welcome to Hare's Chase in the Barossa Valley of South Australia. First released in 2001 the Hare's Chase label features a hare bounding with determination across the bottle. The hare is a symbol of art and creativity, of vigilance and independence. Hares have long made the surrounding hillsides their home, living well camouflaged in the shallow scrapes that they dig. Our aim is to produce wines that reflect the characteristics of this landscape, creatively pushing new boundaries along the way to convey the personality of the estate and associated vineyards.

Genista Wines is a husband-and-wife team made up of Lloyd Broom and Sarah Gregory. Purchasing our single vineyard in the southern Barossa Valley back in 2014, we now manage a total of 7 acres including 30-year-old Shiraz and 80-year-old Grenache vines. The name 'Genista' comes from the plant of the same name, with its common name being 'Broom'. A long running family joke – instead of being 'The Brooms', we would sometimes refer to ourselves as 'The Genistas' when feeling fancy. Since our first vintage in 2017, our philosophy has remained constant – produce the best quality fruit that we can, handle the resulting ferments and young wines as little as possible while ensuring high quality, and bottle wines showing varietal characteristics, texture and balance.

Blue Pyrenees Estate was established by the French Cognac giant, Remy Martin in 1963. It was the first major French wine company investment into Australia. Remy Martin went to great lengths to identify the site they thought most suit for their requirements, deciding on a property in Avoca, Victoria. In addition to the Brandy business, they also wished to develop a méthode traditionnelle sparkling wine and full-bodied red wine business. Interestingly, that is still largely what we do. We are one of the largest méthode traditionnelle sparkling wine makers in Australia as well as being renowned for our full-bodied reds.

Kirkton Estate is Australia's oldest wine brand, founded in 1830 by a Scottish family who sailed aboard the Triton from Leith to Sydney. The Busby family brought cuttings of hundreds of cépages from Europe, and Kirkton became the nursery for many of Australia's vineyard regions. Hunter Valley remains one of Australia's finest wine regions, producing wines of wonderful balance and longevity; Hunter Semillon is a stand-alone world classic. Now owned by Sydney wine enthusiast Daryl Fisher, Kirkton has enjoyed great success in the domestic market, and is looking to find distribution in key export countries.

Pol Roger Portfolio represents Champagne Pol Roger in the UK, as well as 21 like-minded, family-owned, fine wines and spirits. Our first foray into Australia came in 2023 when we took on Mulline Vintners and Voyager Estate. Both wineries captured our imagination with their stellar wines and fascinating histories. Voyager Estate in Margaret River was bought by Michael Wright, farmer, entrepreneur and regional pioneer in 1991, and is now run by his daughter, Alexandra Burt. Mulline Vintners, established 2018, is the project of two Bens: Ben Mullen and Ben Hine. The couple's goal is to create unique regional and single-vineyard wines, exclusively from relatively undiscovered wine region, Geelong, Victoria.

Working with historic sites, predominantly in the McLaren Vale, winemaker Giles Cooke MW has been at the forefront of the contemporary Grenache movement and has led the move towards earlier picking times, wild ferments, less extraction, whole bunches and use of concrete. The estate has the world's largest single holding of the variety and produces Marsanne from vines established in 1927, which are among the oldest in the world. Tahbilk is known as 'tabilk tabilk' in the language of the Daungwurrung clans, which translates as the 'place of many waterholes'. It perfectly describes this premium viticultural landscape, which is located in the Nagambie Lakes region of Central Victoria. The estate comprises 1,214 hectares, including a seven mile frontage to the Goulburn River. Environmental sustainability is paramount at Tahbilk and in 2013 they became carbon neutral. We're incredibly proud to say that some of his first customers are still with us today. In 2020, Miles was joined in the business by long time wine trade veteran and partner Emma McRobb, which really does make Milestone a family affair! Our ethos as a company has been, and always will be, to offer uncompromising quality in every bottle at every price. When evaluating new producers to work with we set the bar incredibly high, and sometimes cast aside propositions that would make total sense commercially but don't stack up to the standards we've set! For us, good 'value for money' isn't how cheap a bottle is, it's how does the intrinsic value of the product match up against its competitors.

Oatley Wines is the Oatley family's latest venture; a reincarnation of their winemaking dynasty, which was founded by the late industry legend Bob Oatley. His legacy continues in his eldest son Sandy, who worked alongside Bob for many years and manages the business today. Created in 2006, Oatley Wines aims to embody the best that Australia can produce where classic grape varieties are matched to the leading wine regions of Australia.

Cherubino is an award-winning and family-owned Western Australian business, established in 2005 by Larry and his wife Edwina, and is now astutely recognised as one of Australia's most successful and innovative wine producers.
