

VOYAGER ESTATE

MARGARET RIVER

EST. 1978

THE PUREST EXPRESSION OF PLACE

ORGANICALLY FARMED
100% ESTATE GROWN & MADE
WINES OF PLACE

OUR PATCH OF MARGARET RIVER

The story behind every bottle begins in our little pocket of southern Margaret River, Stevens Valley, a place where idyllic microclimate, ancient geology and coastal influence converge to create our distinctive Voyager Estate style.

Our ultimate ambition couldn't be simpler – to craft wines that do justice to our extraordinary climate and soils through some of the purest expressions of Chardonnay and Cabernet Sauvignon in the world.

We're proud to have harvested our first certified organic grapes in 2020,

with the entire vineyard fully certified organic by 2023.

Through our continued focus on sustainability, craft and innovation, we aim to shine a light on Margaret River, one of the world's great wine regions, and our special place in it.

INDEPENDENT, FAMILY-OWNED AND RUN

From the moment our founder dipped his shovel in the gravelly soils all those years ago, he knew this place was special. Voyager Estate is one of the iconic wine estates of the Margaret River region, conceived by Michael Wright—a farmer and regional pioneer.

To this day, Voyager Estate remains a small, family-owned and independently run business, now lead by Michael's daughter Alexandra Burt. She is fiercely committed to a sustainable future that continues her father's legacy of creating wines of place.

OUR CRAFT, OUR WINE

To lead the production of site-expressive wines with a genuine sense of place, our viticulture and winemaking team uses minimal input methods and organic farming practices, encouraging the vines to work harder

and go deeper, ultimately enhancing the expression of place. Farming sustainably for decades, the conversion to organic certification was the natural next step.

WINE COLLECTION

“Our wines are distinctive because they express a sense of place in every bottle, highlighting the unique soils and climate conditions we experience in Margaret River. They tell a story of power and refined elegance that cannot be emulated anywhere else in the world. Each year, we strive for excellence and to do justice to our special patch of land through meticulous organic practices on the property.”

TRAVIS LEMM, WINEMAKER & WINERY MANAGER

All our wines are single estate grown and made. Each variety plays its part in demonstrating the effect that our site's gravel soils, microclimate, aspect and maritime influence—wines that could be from no other place on earth; uniquely Voyager Estate and distinctly Margaret River.

CABERNET SAUVIGNON

Uniquely expressive of our terroir - powerful yet elegant

OTHER VARIETALS

Pure expressions of Southern Margaret River

CHARDONNAY

Complex and textural with impeccable balance

PROJECT WINES

Small batch innovation and alternate varieties

OUR PEOPLE

The influence of our people, their ideas, passions and interpretations over the generations is what makes Voyager Estate what it is today.

Between Travis, Glen, Alex and James there is over 60 years of vineyard and winemaking experience.

TRAVIS LEMM, WINEMAKER & WINERY MANAGER

GLEN RYAN, VINEYARD MANAGER

JAMES PENTON, ASSISTANT WINEMAKER

ALEX MILLER, TECHNICAL VITICULTURIST

A SUSTAINABLE FUTURE

From the practices in our vineyard to the way we care for our planet and our people, sustainability is at the core of Voyager Estate. We aim to leave the land in a better place than we found it for future generations. Over the past 20 years we've put the health

of our environment and soils front and centre, using beneficial bugs to combat pests, turning our grape marc and kitchen scraps into mounds of beautiful compost, and having an advanced irrigation system that conserves our water resources.

We've planted over 70,000 indigenous trees to rehabilitate cleared farmland and slow surface run-off. We carefully monitor waterways and reuse winery wastewater for wood lot watering.

Beyond the land, Voyager Estate engages with philosophically-aligned partners with the aim of making a positive impact on the region. 25% of our energy comes from our own solar panels and we offset the balance of our carbon footprint by purchasing approved carbon credits.

In addition to our organics program, we are a certified member of Sustainable Winegrowing Australia (SWA), a national program for winemakers to demonstrate

and continuously improve their sustainability in the vineyard and winery through the environmental, social and economic aspects of their businesses.

In 2022 we were welcomed as an applicant member of International Wineries for Climate Action (IWCA) confirming our commitment to taking immediate and long-term action to reduce greenhouse emission. Membership to IWCA requires becoming Net Zero by 2050 at the latest, demonstrating a constant annual reduction of greenhouse emissions and for all winemaking operations to be powered by renewable energy.

SIGNATURE EXPERIENCES

RESTAURANT

Our award-winning degustation experiences reflect a fervour for Margaret River's coastal climate and our pristine local ingredients. Guests are invited to select from the seven-course Discovery Menu or the four-course Terroir Menu – each has been created in harmony with our wines and celebrates the progress of the vines, as well as the nuances of each season.

WINE ROOM

The Wine Room is the gateway to our Estate, a space to discover our story and explore our wines of place. Enjoy wines to taste or buy, paired with locally sourced cheese plates. On warmer days, our Wine Terrace is a great place to enjoy a wine by the glass outside, or take advantage of our picnic rugs and relax on the lawn.

ICONIC GROUNDS

Amidst a sanctuary of lush gardens and rolling lawns, our Cellar Door is housed in a beautiful white-washed Cape Dutch Manor House, all ringed by Estate vineyards and majestic Marris.

EXPERIENCES

Guests are invited to taste their way through our range of elegant Margaret River wines, step out into the Vineyard and Winery and sample wine straight from the barrel, or dig deeper with a Sommelier-hosted look at wine craft and appreciation.

AT A GLANCE

VINEYARDS

~ 115 hectares (~ 284 acres)

~ 53% whites, 47% reds

95 hectares will be certified organic for the 2022 harvest

20 hectares are currently in conversion with Australian Certified Organic for 2023 harvest.

CLIMATE

Temperate maritime

(MJT 20.4 degrees), average annual rainfall c. 1000mm (85% of which falls during winter and spring)

SOILS

Predominantly deep, free-draining red/brown gravelly soils over a stony/clay sub-soil

WHITE VARIETIES PLANTED

Chardonnay, Semillon, Sauvignon Blanc, Chenin Blanc, Sauvignon Gris

RED VARIETIES PLANTED

Cabernet Sauvignon, Merlot, Petit Verdot, Shiraz, Tempranillo, Cabernet Franc, Malbec

LOCATION

Steven's Valley, Margaret River

AREA

~300 hectares (~741 acres)

PRODUCTION

480,000 bottles

AVERAGE GRAPE CRUSH

~500 tonnes
