Family Owned. Organically Grown.

## About Us

Battle of Bosworth is proud to have been a privately owned family wine business since it began in 1970.

Our mission is to grow exceptional wines in harmony with nature. Driven by respect for the land and a desire to craft wines that reflected the essence of our land and soil.

For over 30 years, we've led the way in McLaren Vale with our environmentally conscious winemaking. We're proud to be the first McLaren Vale vineyard to achieve Australian Certified Organic status.

## Vineyards

Our vineyards sit in the foothills of the Mt Lofty Ranges, close to historic Willunga on the eastern edge of McLaren Vale.

Our original Edgehill Vineyard was established in the early 1970s, and later expanded with sites, including Chanticleer, Denton's, Braden's & Cox's blocks. Our Winery Block and Grange Block sit alongside our cellar door and winery.

## Climate

McLaren Vale has a Mediterranean maritime climate. To the west of our vineyards are the pristine waters and cooling breezes of the Gulf St Vincent. To the east are the protective slopes of the Mt Lofty Ranges.

This combination of land and sea creates a distinctive microclimate with cool summer breezes and mild winters, contributing to the consistent production of premium wine.

## Organic Philosophy

The sour sob, the yellow flower on our label (essentially a weed!), plays a pivotal role in the vineyard.

It grows in winter, outcompeting other weeds, then dies off in spring, forming a natural weed mat.

Its opposite lifecycle to the vines means no competition for water or nutrients when the vines need it.

It also helps prevent soil overcultivation.

## Vine to Bottle

Our grapes are 100% estate grown, and our custom-built winery sits onsite alongside the vines.

This gives us complete control over our organic & sustainable processing, and full quality control.

## Past and Future

Using a mix of traditional and modern techniques, we showcase each variety and create vegan and preservative-free wines wherever possible.

Our wines ranges reflect both the heritage of McLaren Vale and have been awarded as showcasing the future.

## Vinification Approach

Our winemaking philosophy is simple: let our organically grown grapes speak for themselves.

We make premium wines that reflect the unique terroir of our McLaren Vale foothills while keeping our environmental impact low.
