Welcome

Hello and welcome to our second Australia and New Zealand Trade Tasting in London.

The Aussies and Kiwis are good mates with lots in common. Fine wine, great food, stunning scenery, the cool Southern Ocean and also our cool Antipodean attitude.

Our wines are an expression of our distinctive terroirs and the vibrant communities that craft them. Perfecting traditional techniques and inventing our own ways of doing things, we push the boundaries in the pursuit of the most diverse, thrilling wines in the world.

Explore more than 1,000 wines from 240 producers, ranging from international superstars to small boutique newbies. You'll find wines from 57 regions across Australia and New Zealand, and 30 different grape varieties. This is an opportunity to taste the latest vintages from iconic producers, discover alternative varieties and new wave styles, meet winemakers and catch up with importers.

Don't miss the 'Sommelier Selections' feature table with 40 Australian and New Zealand wines that sommeliers have nominated. Selected by the UK's leading sommeliers, these are the Australian and New Zealand wines that most excite them - wines that have ignited a love for the region or with special significance.

We love to craft exceptional wine while protecting our natural wonders for future generations to enjoy. At today's tasting, you can meet organic, biodynamic and sustainable champions and find out how our producers are nurturing the land, supporting regional communities and establishing resilient businesses.

We extend a particularly warm welcome to our 'new to market' Australian and New Zealand producers. Discover 130 new wines from wineries seeking distribution in the UK. Australian wines include old vine Barossa Shiraz, Tasmanian still and sparkling, alternative varieties from McLaren Vale, chocolate infused fortified wine, and Chardonnay from Australia's first Indigenous-owned wine company. New Zealand wines seeking distribution include Pét-Nat from North Canterbury, Central Otago Riesling and Pinot Noir, and low alcohol wines from Marlborough. Offering a range of styles and varieties, there's something for every buyer.

At the event today, we have a barista upstairs so please help yourself to a complimentary coffee or another hot drink. It's a nod to our Aussie and New Zealand coffee culture and a good excuse for you to stay a bit longer.

If you have any queries about Australian or New Zealand wine, the Wine Australia and New Zealand teams are on hand and please don't hesitate to contact us on uk@wineaustralia.com and sarahs@nzwine.com.

Don't forget to share your discoveries with us and your fellow tasters. You can join the online conversation with the hashtags [#aussiewine](#) [#nzwine](#).

We hope you enjoy the tasting and look forward to hearing your feedback.

Since 2013, risky business wines is West Australian, family-owned and -operated, and brings together the vision and decades of experience of Rob Quenby (viticulturalist) and John Waldron (vintner). Rob brings us the opportunity to pre-select the best parcels of fruit from great vineyards to use in the risky business range. Winemaking philosophy is simple and relatively non-intrusive with the aim to produce – fine – and distinctive wines, reflecting the individual characteristics of the vineyard and variety. The fruit for the Chardonnay, Luxe, Cabernet, Malbec and Red Blend is sourced from Western Australia, and mostly from Margaret River. We chose to go to the King Valley in Victoria's high country, renowned for its strong Italian agricultural heritage, for the Italian wine styles Prosecco, Grigio and Sangiovese. Our winemakers are Gavin Berry and Warren Proft.

Discover the hidden secret of Holm Oak wines. Crafting delicious, small-parcel, cool-climate Tasmanian wines in the Tamar Valley.

Holm Oak is a labour of love for winemaker Bec Duffy and her husband Tim Duffy, viticulturist who launched their family-owned wine brand in 2006. They are creative winemakers, pushing boundaries and trying new techniques, but always remaining true to Tasmania's highly regarded winemaking reputation.

Small Wonder crafts expressive, cool-climate wines from two of Tasmania’s leading cool-climate regions: a certified organic vineyard in the Tamar Valley and a second site in the Coal River Valley, currently in organic transition. All wines are hand-harvested, made and bottled on-site at our purpose-built winery in the Tamar Valley. Winemaking is light-touch yet precise: wild ferments, gentle lees work, restrained oak and gravity-led handling. With small-batch fermentations and block-by-block vinification, each wine reflects its site, soil and season. A new cellar door and restaurant are set to open in 2026, further elevating Small Wonder’s role in Tasmanian wine and tourism.

SEEKING DISTRIBUTION

Rooted in generations of Italian viticulturists from Abruzzo, the Mitolo family migrated to Australia in the 1950s, bringing with them a deep connection to the land and the motto *Forte e Gentile* – strong and gentle. Their Italian Australian heritage shapes every wine, crafted with character and elegance. Mitolo produced its first Shiraz in 2000 and Cabernet Sauvignon in 2002, sourcing fruit from McLaren Vale’s finest vineyards. Celebrated for these premium varieties, the range has since expanded to include Italian styles honouring family roots. In 2017, Mitolo opened its cellar door and Osteria, a serene destination overlooking the Mount Lofty Ranges.

Like the four Ps of marketing, we believe in the four Ps of Wine: Place, People, Passion, and Philosophy. For five generations and over one hundred years the Borthwick family have built a farming, wine, and food legacy with the current generation continuing to grow that story. Established in 1996 adhering to the traditional values of winemaking, the 27 hectares of vines meld easily into a landscape that is exceedingly sought after. After 43 vintages, 25 at the home vineyard, Paddy grows and makes wine instinctively, and has the confidence to take risks where others hedge their bets.

Wirra Wirra is part of Australia’s most sustainable wine region, McLaren Vale. With organic and biodynamic certified estate vineyards and an unwavering commitment to protecting and developing their environment, Wirra Wirra cut no corners when producing quality wines in the most environmentally friendly way possible. The Wirra Wirra portfolio is one of style, substance and diversity. Each wine captures the unique marriage between grape variety and regional expression.

Jackson Estate has a long-established connection with its land. The Stitchbury family farmed and nurtured their estate for over 160 years, and it was the fifth generation who first planted vines. Pol Roger Portfolio represents Champagne Pol Roger in the UK, alongside 21 like-minded, family-owned fine wine and spirit producers. Our first foray into Australia came in 2023 with the addition of Mulline Vintners and Voyager Estate, whose stellar wines and compelling stories captured our imagination. Voyager Estate, based in Margaret River, was purchased by farmer and entrepreneur Michael Wright in 1991 and is now led by his daughter, Alexandra Burt. Mulline Vintners, established in 2018 by Ben Mullen and Ben Hine, focuses on producing distinctive regional and single-vineyard wines from the emerging Geelong region in Victoria. Huia is a small, quality focussed winery that grows and makes organic balanced, elegant expressions of Marlborough wine. We are named after the Huia bird, one of the most sacred treasures in Maori culture. The distinctive feathers were a status symbol worn by Maori chiefs. In a similar fashion our wines are crafted with the utmost care. Nature has provided us with some great tools to make wine including our vineyard sites and climate. Working in harmony with nature allows us to make the best wine. We do this in a way so future generations can continue this legacy.

Born in Marlborough in the year the first vines were planted, Jules has literally grown up with Sauvignon Blanc. Deeply invested in the region and its grape growing families, she is a straight talker and a darn nice person. Several life-affirming vintages in Italy underscored Jules’ love of wine as a simple pleasure. She strongly believes wine should be more about creating great memories and less about status or cellaring potential. Jules started her own label in 2001 with just 200 cases. Many awards and grey hairs later, she is the Queen of Sauvignon Blanc and Godmother to several hundred thousand little grapes.

SEEKING DISTRIBUTION

Conversations with nature happen in the thrill of discovery, in following the vineyard through the seasons, and in exploring the diverse terroirs of Margaret River and the Great Southern. This is where Snake + Herring begins — small-batch wines shaped by adventure, observation, and creativity. Limited yields and hand-crafted winemaking allow precision at every stage, guided by acclaimed winemaker Tony Davis.

Thunderstone wines are the expression of forward-thinking yet deeply rooted in site, reflecting the unique soils of the vineyards at the base of the Porongurup range. This isn't a wine region built on pretense — there are no grand cellar doors. No tour buses. It's wild, yes — but carries a rugged, raw intention. A deep connection to place.

Named after the majestic Catalina sea planes that provided vital transport across the vast Marlborough Sounds in WWII, **Catalina Sounds** produces wines that are distinct and true to their vineyard sites in the Southern Valleys. **Crowded House** wine brings together everything that Marlborough Sauvignon Blanc does best; bright tropical fruits, a crisp and lingering finish. Made with carefully selected parcels from our Estate vineyard and others throughout the valley. From the ruggedly beautiful terroir of Central Otago in New Zealand, **Nanny Goat** produces fruit forward wines with powerful firmly structured palates. Founded in 2004 and named after the nimble and sure-footed wild goats of the region, we adapt and thrive in this often extreme climate.

Peter Lehmann founded his namesake winery in 1979 to help Barossa growers during a grape oversupply crisis. Known as the man who “saved Barossa,” his legacy is legendary. Today, head winemaker Brett Schutz crafts terroir-driven wines from grapes sourced across their Barossa family of growers to make the Peter Lehmann signature wines decades of consumers have come to love.

Meanwhile, the Morris family’s journey began in 1859 planting their first vineyard near Rutherglen, Victoria. Today Madden Morris is the sixth-generation Chief Winemaker at Morris of Rutherglen. On show are a unique pair of fortified muscats, incredibly rich, hedonistic wines produced from non-vintage blends including some portions of wine from 100 years ago.

CLARE VALLEY

Three generations of Barry family winemakers have shaped Jim Barry Wines into the benchmark Australian winery that it is today. Founded by industry pioneer, Jim Barry and his wife Nancy in 1959 and located in South Australia's Clare Valley, this family owned and operated winery produces premium, quality wines that express a sense of place. The Barry family winery became the first in Australia to have three generations of winemakers graduate from Roseworthy/Waite school of Oenology. A wonderful achievement given the storied place of Roseworthy in Australian winemaking history. Today, the business is led by third-generation family members Tom and Sam Barry, who serve as joint Managing Directors, with support from their sister, Olivia, in her role as Brand Ambassador. Their parents, Peter, and Sue, have recently stepped back from day-to-day operations but continue to support the business as Directors and advisors.

Nuala Wines was created in 2010 from New Zealand's largest and most prestigious wine region, Marlborough. Inspired by its French founders' desire to combine the winemaking heritage of their homeland with the zesty, innovative spirit of New Zealand, Nuala is the perfect marriage of Old World and New. Winemaker and Bordeaux native Paul Martung embodies this philosophy, giving Nuala an inimitable "French Touch" that strikes the perfect balance between freshness, fruit, and acidity. Pursuing its desire to pay tribute to New Zealand's finest regions and grape varieties, Nuala built on the success of its flagship Sauvignon Blanc and expanded its range to include Pinot Noir and Riesling from Central Otago, with two Reserve wines: a Sauvignon Blanc and a Pinot Noir, both with great ageing potential.

Passel Estate is a very small, family-owned estate in Margaret River, renowned for its award-winning wine, cellar door experiences and commitment to wildlife conservation. The property not only produces some of the region's finest wine grapes, it has also been chosen to provide sanctuary to a family (or 'passel') of critically endangered Western Ringtail Possum. The wines are a unique expression of the special place that is Passel Estate, defined by their perfumed fruit character, structure and balance. Passel Estate is a rare discovery; volumes made are small, given the quality-driven low yields and single vineyard focus. Passel Estate is a certified member of Sustainable Winegrowing Australia.

McHenry Hohnen Vintners was founded in 2004 as a venture between pioneer Margaret River winemaker David Hohnen and his brother-in-law and vine-grower, Murray McHenry. All the grapes are sourced from family-owned vineyards in the southern edge of the Margaret River region. Today, winemaking is headed up by Jacopo Dalli Cani. The McHenry Hohnen intention is to shape wines with verve and vitality. This is done by embracing a 'hands-off' winemaking philosophy, where each wine is a focussed expression of its variety, its growing season and its individual site. Viticultural practices embrace old-school holistic farming philosophies and biodynamic practices which cultivate an environment where the soil and its organisms, along with plants, insects and animals, co-exist in a thriving equilibrium.
