

THE CLARE VALLEY

The Clare Valley is made up of eleven different sub-regions each with unique soil profiles. Each sub-region presents different characteristics that come through in Kilikanoon wines.

Located 120kms North of Adelaide, the Clare Valley is made up of three valleys running North to South. Relatively small in size, it measures just 30 kilometres long and 10 kilometres wide. It sits at elevations between 200-600 metres above sea level.

CELLAR DOOR

The cellar door was built in 1800's and was home for Kilikanoon's founder, Keven Mitchell for many years before being converted into the cellar door you see today. The team would love to guide you through a tasting experience and explain the diversity of Clare and what makes the region, terroir and Kilikanoon unique.

Open 11am - 5pm seven days a week
Bookings recommended

The cellar door is located at 30 Penna Lane, Penwortham in the Clare Valley, South Australia.

HISTORY

Founded in 1997 when winemaker Kevin Mitchell purchased the property of the same name in the hamlet of Penwortham in South Australia's picturesque Clare Valley.

From humble beginnings with just 25,000 bottles produced from the first vintage, Kilikanoon has grown significantly to become one of the leading wine brands in Australia and growing internationally every year.

Kilikanoon has been recognised both in Australia and internationally, receiving high praise from some of the world's most respected wine critics.

WINEMAKING PHILOSOPHY

Kilikanoon wines are characterised by their balance of power and elegance, fruitful generosity and acid structure, pure varietal expression with a distinct Clare accent.

Our objective is to build trust in the Kilikanoon brand by never allowing a Kilikanoon wine to disappoint. This is achieved through our unwavering and uncompromising commitment to quality in everything we do.

Keeping all parcels and barrels separate until blending is a key aspect to achieving regional and varietal definition in each wine. Traditional winemaking techniques and meticulous care ensure that our low yielding ancient vines are thriving in their new world environment.

TERROIR

Terroir is of great importance to Kilikanoon; the synergy of place, soil, climate and people - the elements which ensure each vineyard's unique qualities.

Eleven different soil profiles are documented in the region, from over 800 million years of activity. It is an old seabed with volcanic peaks and sedimentary valleys. The key soils are "Terra Rossa" or red clay over limestone in the South (Watervale), and slate and sandstone through the North (Polish Hill).

SUSTAINABILITY

As a certified member of Sustainable Winegrowing Australia, Kilikanoon wines employs a wide range of environmentally sustainable practices in our vineyard and winery.

This helps minimise the impact on our land and provide real and tangible benefits for us as grape growers and winemakers.
