Established in 2004 by 5th generation winemaker Simon Gilbert, Simon and Will Gilbert, Father and Son Winemakers, combine their experience, passion and innovative spirit as they follow in the footsteps of their forebears in New South Wales, Australia. Simon Gilbert ‘s Great-Great Grandfather, Joseph Gilbert is recognised as planting the first Riesling in South Australia, if not Australia at Pewsey Vale, Eden Valley, SA in 1847. Simon and Will push the boundaries by playing with different techniques and ideas, based on traditional and state of the art winemaking. As artisans of cool climate wines, the signature Gilbert style is elegant, pure and structured wines reflective of variety, site and season. The grapes for Gilbert wines are sourced from Orange, Mudgee, and Central Ranges in New South Wales as well as Eden Valley for the Gilbert + Gilbert range. Gilbert is a Halliday 5 Red Star Rated Winery and has been awarded The Real Review Top Wineries of Australia.

Nuala Wines was created in 2010 from New Zealand's largest and most prestigious wine region, Marlborough. Inspired by its French founders' desire to combine the winemaking heritage of their homeland with the zesty, innovative spirit of New Zealand, Nuala is the perfect marriage of Old World and New. Winemaker and Bordeaux native Paul Martung embodies this philosophy, giving Nuala an inimitable "French Touch" that strikes the perfect balance between freshness, fruit, and acidity. Pursuing its desire to pay tribute to New Zealand's finest regions and grape varieties, Nuala built on the success of its flagship Sauvignon Blanc and expanded its range to include Pinot Noir and Riesling from Central Otago, with two Reserve wines: a Sauvignon Blanc and a Pinot Noir, both with great ageing potential.

Felton Road

Felton Road is a small, artisan producer of Pinot Noir, Chardonnay and Riesling. Established in 1991, and investing heavily in meticulous biodynamic viticultural practices (Demeter certified), Felton Road has quickly gained a reputation as one of New Zealand's leading premium wine producers. The four estate vineyards are all located in Central Otago's Bannockburn sub-region. The winemaking maintains an emphasis on natural winemaking in a gravity flow winery: practices such as whole cluster, wild yeasts, and an absence of fining and filtration are hallmarks of Felton Road's wines. From their first vintage in 1997, Felton Road's wines have attracted international enthusiasm for their ability to show clarity of place over a winemaker fingerprint. Winemaker Blair Walter attributes the high quality and individuality to the distinct Central Otago soils and climate, the north-facing hillside vineyard sites, and meticulous care of the vines with an emphasis on an understanding of each unique location.

Three generations of Barry family winemakers have shaped Jim Barry Wines into the benchmark Australian winery that it is today. Founded by industry pioneer, Jim Barry and his wife Nancy in 1959 and located in South Australia's Clare Valley, this family owned and operated winery produces premium, quality wines that express a sense of place. The Barry family winery became the first in Australia to have three generations of winemakers graduate from Roseworthy/Waite school of Oenology. A wonderful achievement given the storied place of Roseworthy in Australian winemaking history. Today, the business is led by third-generation family members Tom and Sam Barry, who serve as joint Managing Directors, with support from their sister, Olivia, in her role as Brand Ambassador. Their parents, Peter, and Sue, have recently stepped back from day-to-day operations but continue to support the business as Directors and advisors.

Vasse Felix was established by Margaret River pioneer Dr Thomas Brendan Cullity in 1967 and is the region's founding wine estate. Dr Cullity's original aim for Vasse Felix was simple – to make the best possible wine, and prove the untapped potential of a place that was hypothesised to be superb for fine wine growing. Through ingenuity and tenacity, he made Margaret River's first serious wines in 1972; a Cabernet Sauvignon Malbec and a Riesling, marking a milestone in Australian wine history. An exacting focus on quality and excellence for Margaret River's wine styles, Cabernet Sauvignon and Chardonnay sits at the heart of this.

Peerick is a fusion of ancient cultures, spiritual connections & dogged commitment to sustainability and the production of powerful, elegant wines with intense flavours, superb structure, colour and ageing potential.

Our name derived from the Aboriginal word 'beeric', was bestowed on our region by the Dja Dja Wurrung. Their beliefs and dreamtime stories, together with the triskele from our Celtic culture, are proudly depicted on our wine labels. McHenry Hohnen Vintners was founded in 2004 as a venture between pioneer Margaret River winemaker David Hohnen and his brother-in-law and vine-grower, Murray McHenry. All the grapes are sourced from family-owned vineyards in the southern edge of the Margaret River region. Today, winemaking is headed up by Jacopo Dalli Cani. The McHenry Hohnen intention is to shape wines with verve and vitality. This is done by embracing a 'hands-off' winemaking philosophy, where each wine is a focussed expression of its variety, its growing season and its individual site. Viticultural practices embrace old-school holistic farming philosophies and biodynamic practices which cultivate an environment where the soil and its organisms, along with plants, insects and animals, co-exist in a thriving equilibrium.

Just like the vines themselves, the family's story is entwined in the roots of Marlborough winemaking. Siblings Sara Stocker and Josh Scott grew up on the family vineyard in Marlborough and developed a passion for winemaking early on. Their dad, Allan Scott, planted some of the region's first vineyards and, together with his wife Catherine, founded the business in 1990.

The Family Winery attributes its success to the excellent vineyard sites, intricate knowledge of the terroir, superb conditions, and a passion to create wines that people love to drink and share, as much as they love making them!

Conversations with nature happen in the thrill of discovery, in following the vineyard through the seasons, and in exploring the diverse terroirs of Margaret River and the Great Southern. This is where Snake + Herring begins — small-batch wines shaped by adventure, observation, and creativity. Limited yields and hand-crafted winemaking allow precision at every stage, guided by acclaimed winemaker Tony Davis.

Thunderstone wines are the expression of forward-thinking yet deeply rooted in site, reflecting the unique soils of the vineyards at the base of the Porongurup range. This isn't a wine region built on pretense - there are no grand cellar doors. No tour buses. It's wild, yes – but carries a rugged, raw intention. A deep connection to place.
