2. Runners that start on base are highlighted in yellow, tell your runners who's on base

3. You can follow runners around by marking sheet

4. Once batter scores box is marked like (b) and a '1' marked in the 'run' column

5. Follow runners by marking in 'Runner' column and add '1' in the run column once they score

6. If a runner is out mark the box with an 'X'

7. Tally innings score by counting all 'Batters' and 'Runners' that scored

8. Ensure you manage your batting order and count all runners that score

9. Game result is decided at end of the last complete innings
