- Please refer to the SSV Delivered Sports (p. 24) and SSO Delivered Sports (p. 25) tables regarding the interschool sports including the different competitions offered in 2023.
- Please note the interschool sport participation opportunities are as accurate as possible, however, boys / mixed competitions include total boys numbers only and not girls numbers i.e., for boys/mixed competitions and sports, the boys numbers are inflated and the girls numbers are less than they should be.
- Interschool sport participation opportunities for Primary school sport are recorded at either the 'District' or 'Division' level with Secondary school sport at the 'Division' level.
- A student participation opportunity is counted for each sport a student participates in e.g., a student might participate in Australian Football and Badminton which are recorded for each sport.

Foreword

School Sport Victoria, as part of the Department of Education, is pleased to release the School Sport Victoria '2023 Participation and Performance Sports Infographics' which provides a summary of:

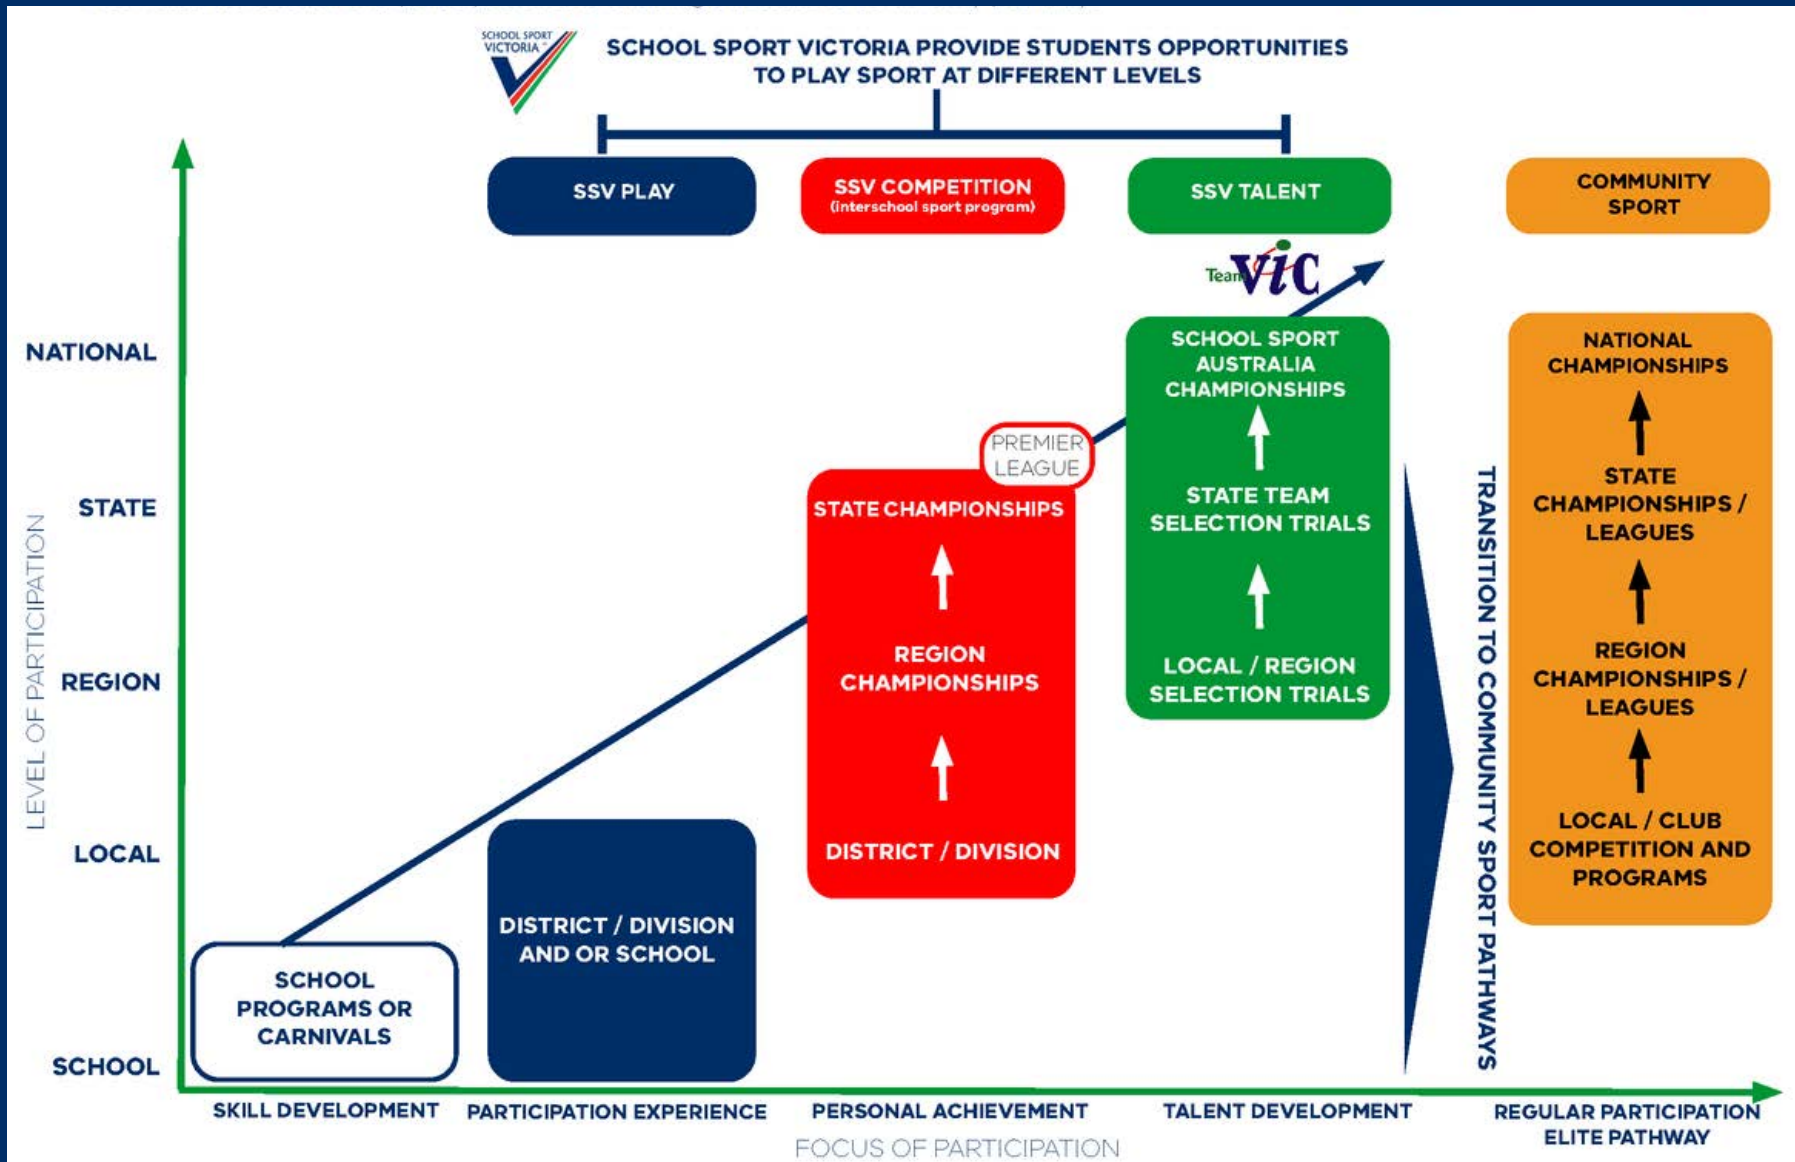

- The school sport pathway which provides an overview of the opportunities available to Victorian schools and students including the progression pathway and the connection between school and community sport.
- Interschool sport participation numbers for 31 different sports including individual and team sports.
- The Team Vic representative program trialists and performance data across 19 different sports and 47 different Team Vic teams for emerging Victorian student athletes to participate at the School Sport Australia Championships.
- School Sport Victoria Play, which provides opportunities for less active students in a social, non-competitive format.
- The Victorian Teachers' Games, for Victorian educators and school staff, in Latrobe City for the first time in over 20 years in 2023.

Importantly, the provision of these opportunities is reliant on the support of SSV's member schools, the dedicated network of SSV staff, including the 355 SSV Coordinators, 138 Team Vic Officials, the mutually beneficial partnerships, including major partner rebel, which are focused on enhancing the student experience and assisting with the ongoing affordability of school sport.

School Sport Victoria also works collaboratively with partners across community, state, and national sporting organisations to support the delivery of our school sport opportunities, connect school and community sport pathways for students, and provide opportunities for students facing additional barriers to participate.

Thank you for your ongoing support and commitment to School Sport Victoria, Victorian schools, teachers, and, most importantly, students!
