

IncomeShield Standard Plan

Your reliable healthcare partner that provides affordable protection for your medical and hospitalisation expenses in the Class B1 ward.

HEALTH INSURANCE

DID YOU KNOW?

In 2025, **Health emerged as one of the main contributors to the Consumer Price Index-All Items inflation rate¹**. Without proper financial planning, rising medical costs could result in considerable stress and financial strain for you and your family.

Cancer incidence increased most rapidly in individuals younger than 50 years, especially in those aged 30-39 years, since 2008-2012², and with many cancers being treatable if detected early³, having adequate coverage is important to help ease financial worries.

Medical treatments can be very costly, depending on factors such as your medical condition, duration of treatment and hospital type. This can potentially lead to high out-of-pocket expenses and loss of future income.

Examples of medical bills received by Income Insurance in 2025

Medical Condition	Age	Medical Bill Size	
		Percentile	
		75 th	90 th
Breast Cancer	30 - 60	\$51,466	\$94,713
Lung Cancer	30 - 60	\$54,929	\$85,526
Heart Disease	51 - 60	\$19,797	\$41,195

This table is based on specific medical diagnoses in relation to the stated category of medical conditions in a restructured hospital. Note: The IncomeShield Standard Plan is designed to provide coverage for restructured hospitals for wards class B1 and below.

Enhance your MediShield Life coverage with IncomeShield Standard Plan

While MediShield Life (MSHL) is a national health insurance scheme that provides basic health coverage, unexpected medical costs can still add up. Therefore, it is important to ensure that you are covered during the stay so you can focus on making a full recovery.

IncomeShield Standard Plan is a MediSave-approved Integrated Shield Plan (IP) that gives you the assurance that your hospital and surgical expenses⁴ are well taken care of. Furthermore, you can use MediSave to pay your premiums (up to the Additional Withdrawal Limits⁵), keeping them affordable.

Key Benefits

Up to \$200,000 limit in each policy year for medical treatment

Coverage with no lifetime limit⁷, so your loved ones are relieved of the financial burden if something unforeseen happens

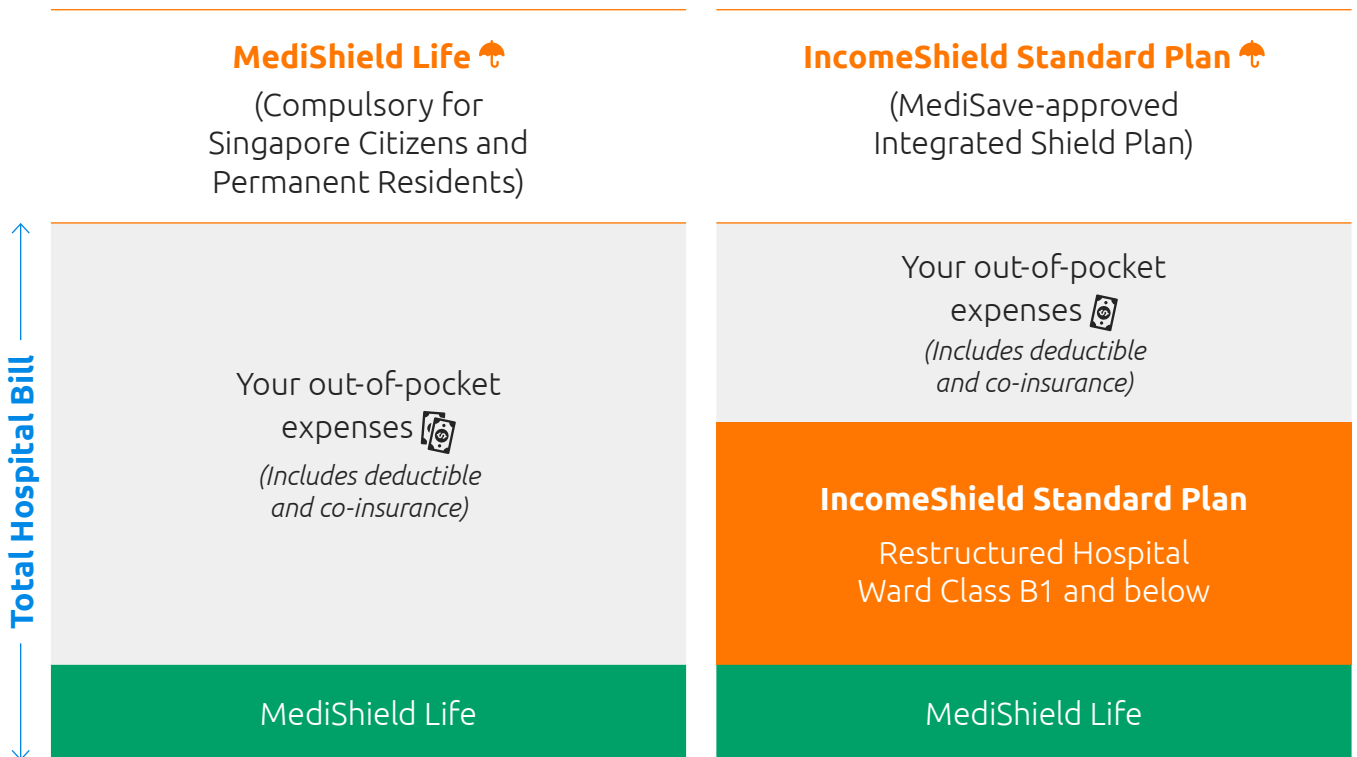

Get higher limits for the insured receiving treatment for multiple primary cancers under the Cancer Drug Treatment Benefit⁸ and Cancer Drug Services Benefit⁹

Access to our panel¹⁰ of over 600 specialists across various specialties and sub-specialties in private practice island-wide, specially curated to meet your medical needs at quality clinical standards

How can IncomeShield Standard Plan better protect you

MSHL alone may not be sufficient to cover your hospital bills. Our comprehensive coverage helps alleviate the burden of your medical and hospitalisation expenses⁴ by further reducing your out-of-pocket expenses. Below is our solution for greater protection.

Deductible means the part of the benefit you are claiming that the insured must pay before Income Insurance will pay any benefit.

Co-insurance means the amount that you need to pay after the deductible. The co-insurance percentages for the benefits are shown in the schedule of benefits. Co-insurance applies to all claims made under your policy except for final expenses benefit.

How IncomeShield Standard Plan works for you

Mr Lee, age 40, is covered under the IncomeShield Standard Plan. He was hospitalised at a restructured hospital, in Ward Class B1 (normal ward), for 11 days and underwent surgery (Category 6C under the Table of Surgical Procedures) to treat his lung cancer. His total bill was \$9,000.

With the coverage from the IncomeShield Standard Plan, here is Mr Lee's out-of-pocket expenses for the treatment performed at a restructured hospital:

Total Hospital Bill: \$9,000	
Bill amount covered by insurance:	
IncomeShield Standard Plan: <i>(including MSHL)</i>	\$5,850
Out-of-pocket expenses:	
Deductible:	\$2,500
Co-insurance: <i>(10% of the hospital bill in excess of Deductible)</i>	\$650
Total amount paid by Mr Lee: \$3,150	

Figures are illustrative only and assume the entire bill is within the benefits limit.

IMPORTANT NOTES

^Based on a survey by Nielsen IQ between January 2023 to December 2025, with 11,040 health insurance policyholders between 21 and 65 years old, Income Insurance ranked first at 33% as a health insurance company that can be trusted in good and bad times.

- 2 National Registry of Diseases Office, [Singapore Cancer Registry Infographic 2022](#).
- 3 National Registry of Diseases Office, [Singapore Cancer Registry 50th Anniversary Monograph 1968-2017](#).
- 4 Subject to precise terms, conditions and exclusions specified in the policy conditions for IncomeShield Standard Plan.
- 5 The Additional Withdrawal Limit (AWL) is the maximum MediSave limit that you can use for your IncomeShield Standard Plan's additional private insurance coverage premiums. Please refer to moh.gov.sg/healthcare-schemes-subsidies/medishield-life for the latest AWL.
- 6 We offer 15% off ("Welcome Discount") on your first-year premium with the purchase of IncomeShield Standard Plan ("Qualifying Policy"). The Welcome Discount is only applicable if no additional exclusion or premium loading is applied to the Qualifying Policy upon policy issuance. The Welcome Discount does not apply to the premium for the MediShield Life portion. Welcome Discount terms and conditions apply. Please refer to income.com.sg/integrated-shield-plan/welcome-discount-tnc.pdf for further details.
- 7 Subject to policy year limits and any benefit limits.
- 8 This benefit covers the main outpatient hospital treatment received by the insured from a hospital or a licensed medical centre or clinic. For cancer drug treatment, only cancer drug treatments listed on the Cancer Drug List (CDL) and used according to the indications for the cancer drugs, as specified in the CDL on Ministry of Health (MOH) website (go.gov.sg/moh-cancerdruglist) will be covered. For each primary cancer, if the cancer drug treatment on the CDL involves more than one drug, we allow a particular drug to be removed from the treatment or replaced with another drug on the CDL that has the indication 'for cancer treatment', only if this is due to intolerance or contraindications (for example, allergic reactions). In such cases, the claim limit of the original cancer drug treatment on the CDL will apply.
 For each primary cancer, if more than one cancer drug treatment is administered in a month, the following will apply.
 - If any of the cancer drug treatments that are on the CDL has an indication that states 'monotherapy', only the treatments on the CDL that have the indication 'for cancer treatment' will be covered in that month.
 - If none of the cancer drug treatments that are on the CDL has an indication that states 'monotherapy':
 - if more than one of the cancer drug treatments administered in a month has an indication other than 'for cancer treatment', only cancer drug treatments that are on the CDL and have the indication 'for cancer treatment' will be covered in that month; and
 - if one or none of the cancer drug treatments administered in a month has an indication other than 'for cancer treatment', all cancer drug treatments that are on the CDL will be covered in that month.
 Cancer drug treatments not on the CDL will be considered as having an indication other than 'for cancer treatment'.
 For insured receiving treatment for one primary cancer, we will pay up to the highest limit among the covered cancer drug treatments on the CDL that are administered in that month.
 The cancer drug treatment on the CDL benefit limit is based on a multiple of the MSHL Limit for the specific cancer drug treatment. For the latest MSHL Limit, refer to the CDL on MOH's website under "MediShield Life Claim Limit per month" (go.gov.sg/moh-cancerdruglist). MOH may update this from time to time. The revised list will be applicable to the cancer drug treatment which occurred on and from the effective date of the revised list.
 The deductible does not apply to the outpatient hospital treatment benefits.
- 9 For cancer drug services, it covers services that are part of any outpatient cancer drug treatment, such as consultations, scans, lab investigations, preparing and administering the cancer drug, supportive-care drugs and blood transfusions. It does not cover services provided before the insured is diagnosed with cancer or after the cancer drug treatment has ended.
 The cancer drug services benefit limit is based on a multiple of the MSHL Limit for cancer drug services. For the latest MSHL Limit for cancer drug services, refer to "Cancer Drug Services" under the MSHL benefits on MOH's website (go.gov.sg/mshlbenefits). MOH may update this from time to time. The revised limit will be applicable to the cancer drug services incurred within the policy year of the revised limit.

IMPORTANT NOTES

10 Panel or preferred partner means a registered medical practitioner, specialist, hospital or medical institution approved by us. Our list of approved panels also includes all restructured hospitals, community hospitals and voluntary welfare organisations (VWO) dialysis centres. The lists of approved panels and preferred partners, which we may update from time to time, can be found at income.com.sg/specialist-panel.

IncomeShield Standard Plan is available as a MediSave-approved Integrated Shield Plan for the insured who is a Singapore Citizen or a Singapore Permanent Resident. This applies as long as the insured meets the eligibility conditions under MediShield Life. If the insured is a foreigner who has an eligible valid pass with a foreign identification number (FIN), IncomeShield Standard Plan is not available as an Integrated Shield Plan.
