with flexible options while staying protected.

INVESTMENT-LINKED PLAN

FOOD FOR THOUGHT

Every life stage brings different priorities that require different investing approaches.

Have you taken the opportunity to build your wealth to pursue your interest and make plans for the activities you want to?

Time is the greatest tool we have for building wealth. If two people save \$100 a month, but one starts at 25 and the other at 35, the early saver will have nearly twice as much by age 65. Investing early allows you to take advantage of the power of compounding and can help you achieve your long-term goal at a lower cost¹.

Do not forget about your protection needs while focusing on your investment. Based on a 2022 study by the Life Insurance Association Singapore (LIA), on average a working adult in Singapore has a mortality protection gap of S\$170,352 and Critical Illness protection gap of S\$264,586².

Start investing from as low as \$100 a month and achieve your financial goals while ensuring your protection needs are taken care of with AstraLink, a customisable regular premium investment-linked plan to maximise your investment. Leveraging on dollar-cost averaging, this plan is designed for wealth accumulation to achieve your financial goals while enjoying high protection coverage.

Key Benefits	
1	Flexibility to customise plan to suit your needs from as low as \$100 a month
2	Receive protection coverage based on the applicable sum assured multiple ³ of your choice with a Minimum Protection Value (MPV) of 300% of the sum assured
3	Enjoy investment bonus of up to 67.0% of your regular premiums paid in the 1 st policy year
4	Provide up to 1.0% annual loyalty bonus from the 10 th policy anniversary
5	Maximise wealth accumulation with retirement option

Maximise wealth accumulation with retirement option

Planning for your retirement? With retirement option, you may reduce the sum assured of the policy up to zero from age 55 onwards and after your chosen MIP to maximise wealth accumulation for your golden years.

Guaranteed insurability option for additional coverage at different life events

You have the option to increase the policy's sum assured without reassessment of health when any specified life event⁴ occurs. Life events include turning 21 years old, getting married, purchasing a residential property or becoming a parent!

Adapt to life's uncertainties

AstraLink gives you the freedom to adjust to your lifestyle by changing the amount you want to invest or top up your investments. You can also withdraw some of your investments (charges may apply, refer to the policy conditions for details).

You have the flexibility of switching your investments between available funds anytime at no charges.

If you need to take a break from paying premiums, you can enjoy the premium holiday⁵ for up to 24 months from the 3rd anniversary with no premium holiday charge. The duration of the premium holiday period depends on your chosen MIP. The MIP you have chosen cannot be changed.

MIP	Premium holiday period (number of months) with no charge
10 year	12
15 year	12
20 year	24
25 year	24

Flexibility to customise plan to suit your needs

You can start investing via regular premiums from as low as \$100 a month. With regular investing, you can benefit from dollar-cost averaging, as you may smooth out potential market fluctuations without worrying about timing the market.

You can select your desired MIP of 10, 15, 20 or 25 years.

How AstraLink helps you achieve protection and wealth accumulation

Mr Tan, age 25, non-smoker, has started his first job and is eager to plan for his future. He is looking for an investment-linked plan which provides insurance coverage as well as wealth accumulation for his retirement.

Hence, he signs up for AstraLink plan with a MIP of **15 years** and annual premium of **\$5,000**. He is protected with a basic policy sum assured of **\$100,000** based on a sum assured multiple of 20x, hence his basic policy's MPV (300% of sum assured) is **\$300,000**. He has also chosen to enhance his coverage with the **Critical Protect (ILP) rider⁶** with a MPV of **\$150,000**.

Policy fees and charges apply. Please refer to the policy conditions for further details.

Diagram is not drawn to scale. The figures used are for illustrative purposes only, are non-guaranteed and rounded to the nearest dollar.

Should the illustrated investment rate of return be 4.00% p.a., the illustrated policy value would be \$103,213⁹ at age 40 and \$419,271⁹ at age 65. Should there be insufficient units to pay for policy fees and charges, the policy may end prematurely after MIP.

IMPORTANT NOTES

- 3 Sum assured multiple means the factor we use to work out your sum assured for your basic policy, or for a specific rider that you attach to your basic policy, based on your regular premium when we issue the policy. The sum assured multiple cannot be changed unless the retirement option is exercised. The Minimum Protection Value (MPV) is applicable before the anniversary immediately after the insured reaches the age of 70.
- 4 Each time the insured experiences a life event, you may choose to take up the Guaranteed insurability option, subject to the policy's terms and conditions. Please refer to the policy conditions for further details on the life events and the applicable terms and conditions.
- 5 Policyholders can stop paying regular premium temporarily during the MIP from the 2nd anniversary, provided the policy value is sufficient to cover the applicable fees and charges. Premium holiday charges apply if premium holiday is taken during MIP.
- 6 Critical Protect (ILP) is a whole life unit deducting rider. The policy term of this rider will follow the policy term of the basic policy. This rider cannot be terminated during the MIP of the basic policy. This rider will end after we make payment for a specified dread disease (except angioplasty and other invasive treatment for coronary artery). For angioplasty and other invasive treatment for coronary artery, we will pay 10% of the minimum protection value, up to \$25,000, before the anniversary immediately after the insured reaches the age of 70 or 10% of the sum assured, up to \$25,000, on or after the anniversary immediately after the insured reaches the age of 70. After this payment, we will reduce the sum assured for this rider by the amount of the payment. We will work out the future insurance cover charge or claims based on the reduced sum assured.
- 7 If the insured was taking part in a restricted activity at the time of the accident, we will only pay an additional 30% of the sum assured on top of the TPD benefit or death benefit. We will pay this benefit only if TPD or death happens within 365 days of the accident. The policy will end when we make this payment.
- 8 This figure is based on illustrated investment return of 8.00% per annum. The rate of return used is before deducting the annual management fees of the funds. The figures above assume that the annual management fee is 1.30% p.a. The performance of the funds is not guaranteed and the policy value may be less than the capital invested.
