

a2 Gentle Gold™

Premium junior milk drink

a2 Gentle Gold™ Premium junior milk drink is specially formulated to provide additional nutrients for young children from 3 years, when their dietary intake may be inadequate.

The milk used in a2 Gentle Gold™ Premium junior milk drink is our a2 Milk™ from cows that have been specially selected to naturally produce only A2-type beta-casein protein. Made with a2 Milk™ so it's easier on digestion and may support tummy comfort for some*.

PRODUCT BENEFITS

a2 Gentle Gold™ Premium junior milk drink provides additional vitamins and minerals for children from 3 years of age. This milk drink should be consumed alongside a healthy diet, which contains a variety of foods, from the five everyday food groups.

One 230mL serve provides from 20-50% of the recommended dietary intake (RDI) of 16 essential vitamins and minerals.^x
