ARINTO

VINTAGE: 2020

SIZE: 750ML ALC/VOL: 13.8% VEGAN FRIENDLY: YES

Arinto is a high-acid Portuguese white that is quite at home in Rutherglen - it retains its acidity in warmer climes. This is super dry with lemon-lime juice mixing it with green apple, grapefruit and a sprinkling of fresh herb. Moreish and savoury.

- Jane Faulkner (James Halliday 2021)

Estate grown Arinto

Bright green straw

Freshly picked white flowers and sweet nectarine

Opens with a lively palate, fresh acidity that has an outstanding balance between minerality and fruit: Stone fruit and lime with a hint of tropical fruit. Fresh and lengthy finish.

Arinto compliments seafood, duck or simply a picnic in the summer sunshine.

Drink young and chilled

Picked in the early morning to protect the fruit, which was immediately crushed and pressed to tank. We kept the pressings separate to use for our White Fortified. The wine was fermented with a neutral yeast to preserve the varietal flavours. This wine was entirely kept in stainless steel prior to bottling.
