

SKILLOGALEE

ESTATE ROSÉ

Skillogalee Rosé is crafted from fruit from dry-grown vines on the Skillogalee estate. These low-yielding red grape varieties, including Shiraz, Cabernet Sauvignon and Malbec, are grown on the high sloping contours of our family-owned property.

Hand-selected fruit is harvested specifically for this wine, with the blend of varieties changing each vintage, producing a stylish wine with intense fruit character and varietal expression. The fruit is blended when received at the winery, de-stemmed and chilled before being pressed. To achieve the desired level of colour and flavour extraction, the juice is left on skins in the press for several hours. The free-run juice and light pressings are then cold-settled and racked, before undergoing cool fermentation to retain the lovely floral fruit characters of the different grape varieties.

VINTAGE

The 2022 vintage was one of outstanding quality, with delicate concentration of flavour and structure – producing truly great wines. Ample winter and spring rainfall ensured good soil moisture for our dry-grown vines, while the cool, dry weather through summer and early autumn provided ideal ripening conditions to produce fruit with high natural acidity and beautiful varietal flavour. The slow start and belated budburst, in combination with the cooler summer, resulted in one of the latest starts to harvest in more than a decade.

APPEARANCE

The wine is a bright and pretty pink blush colour.

NOSE

Lifted floral aromatics of fresh red berry fruits, including strawberry, raspberry and cherry.

PALATE

The palate is succulent with gorgeous berry flavours and a dry fresh finish.

WHEN TO DRINK

Stunning and vibrant in a ready-to-drink style.

FOOD PAIRING

Drinks beautifully on its own, or with snacks, and is delicious with light meals including salads, pasta and rice dishes, cheeses or seafood.
