

# Lenton Brae

## (Margaret River)

[www.lentonbrae.com](http://www.lentonbrae.com)

Established in 1982, Lenton Brae is a family-owned winery nestled in the hills of Wilyabrup, just north of Margaret River.

As one of the region's founding wineries, our legacy spans over four decades and continues to be a cornerstone of the Margaret River winemaking scene.

Our story is a blend of heritage, innovation and a deep connection to the land that shapes our award-winning wines.

### **Lenton Brae Southside Chardonnay 2024**

The palate is delicate and pretty, but with an underlying beguiling weight and texture that supports the fruit and drive on the palate. Bruleed pink grapefruit adorns a lime cheesecake - creamy and talcy. The talcy saline edge extends the palate along with a gorgeous delicate lime acidity. Satiating and salivating!

### **Lenton Brae Cabernet Merlot 2023**

This wine combines the elegant structure of Cabernet Sauvignon with the texture of Merlot. Characters of plum, mulberries and red fruits shine. Tannins are soft, generous and supportive of the generous fruit. Designed to be pleasurable in its youth, it will continue to soften and offer complexity over the medium term.

### **Lenton Brae Cabernet Sauvignon 2023**

Brooding, with super fine tannins which run the length of the palate. Earthy undertones with finely crumbled chocolate, concentrated raspberries, mulberries and blueberries and plums abound. The palate is both juicy and generous with lovely fine talcy tannin, making it immediately approachable yet structured.
