OUR STORY

The Tomich family has a rich history in winemaking, viticulture and farming stretching back three generations and we believe in 'giving more back to the land than you take'. Tomich Wines is dedicated to sustainable wine growing with a multitude of environmental practices.

"We farm with a natural approach, treading softly. We rely on the natural systems which the vines thrive on."

-Randal Tomich

cool climate.
hand crafted.
softly farmed.

The bee featured in our logo symbolizes the family's philosophy of hard work, attention to detail and environmentally sensitive farming.

Our family vineyard at Woodside sits in a cool climate region of the Adelaide Hills. This is the premium region for growing and creating the Pinot Noir I love to make. The vineyard is approximately 365m – 400m above sea level, has an annual rainfall of approximately 800mm.

OUR PLACE

320 acres of vineyard in the Onkaparinga Valley, in the GI region of Adelaide Hills. The Hills are the premium cool climate area situated between Barossa and McLaren Vale in the same mountains range.

ICONS OF WOODSIDE

Q96 Chardonnay
