

STONES+ THUNDER

HEAVENS AWAKEN CABERNET SAUVIGNON

2023

VINTAGE:

The 2023 vintage in Wilyabrup delivered an excellent season for Cabernet Sauvignon, showcasing the hallmark structure and elegance of the region. A cool, extended ripening period allowed for optimal flavour development while preserving acidity, leading to wines with deep concentration, fine tannins, and vibrant fruit purity.

Spring conditions were mild, setting up balanced canopies and steady flowering. A dry and moderate summer followed, with cool nights ensuring gradual ripening and excellent tannin maturity. Harvest timing was slightly later than average, enhancing depth and complexity in the fruit.

VINIFICATION:

The Cabernet Sauvignon grapes were night harvested from our single-vineyard in Wilyabrup, with co-fermentation on the skins in stainless steel tanks. 18 months ageing in 100% new French Oak barrels.

pH	TA	Alc.	Bottling Date
