

plus & minus

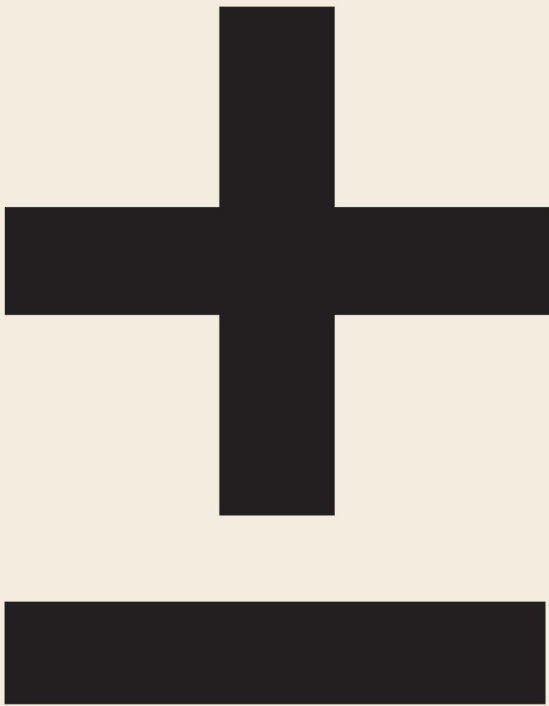

It's a Plus + for Antioxidants and a Minus - for Alcohol

Plus & Minus is a contemporary range of wines developed to be richer in antioxidants, minus the alcohol. Thoughtfully crafted to support the growth in consumers seeking wines more tailored to their lifestyle.

These zero alcohol wines have been hand-made without the use of any artificial sweeteners but do see the addition of grape skin extract (GSE) during the winemaking process. This GSE is rich in naturally occurring antioxidants delivering more of those benefits that can already be found in red wine but without the alcohol.

The Plus & Minus range of wines have been uniquely hand-crafted using only high-quality grapes from premium, dry-grown South Australian vineyards. This ensures the resultant wines remain vibrant and full-flavoured once the process of removing the alcohol has been completed.

The Plus & Minus zero alcohol range includes: Shiraz, Pinot Noir, Blanc de Blancs, Pinot Grigio, Rosé

These are fuller-flavoured zero alcohol wines that are richer in antioxidants to support the growth in healthier lifestyle choices made by everyday consumers.

Shiraz

The nose displays varietal hits of Shiraz with black fruits, and hints of chocolate and vanilla. The palate delivers dark fruits, a touch of sweet fruit before ending with medium concentration.

Pinot Noir

Classic Pinot Noir expression in the glass. The nose shows red fruits as well as a savoury edge. The palate displays characters of dried herb and spice with a touch of fruit sweetness.

Pinot Grigio

Varietal with aromas of pear, apple and citrus with a slight hint of floral characters. The palate is a burst of citrus underpinned by balanced sweetness and acidity. Serve chilled.

Blanc de Blancs NV

Nicely bubbly on the palate with an effervescent drive providing a good mouthfeel. A celebration style with nicely weighted sweet fruit and cleansing acid finish.

Rosé

Pale pink with aromas of strawberries and a gentle earthiness, the palate delivers ripe berry flavours with a soft mouthfeel and a bright acidity.
