

FINE AUSTRALIAN WINES

We are a contemporary winery with an emphasis on all that is casual, friendly and approachable in wine. Ranked amongst Australia's top 20 wineries, we have come a long way from our humble beginnings in Eden Valley in 1996.

The Vineyards

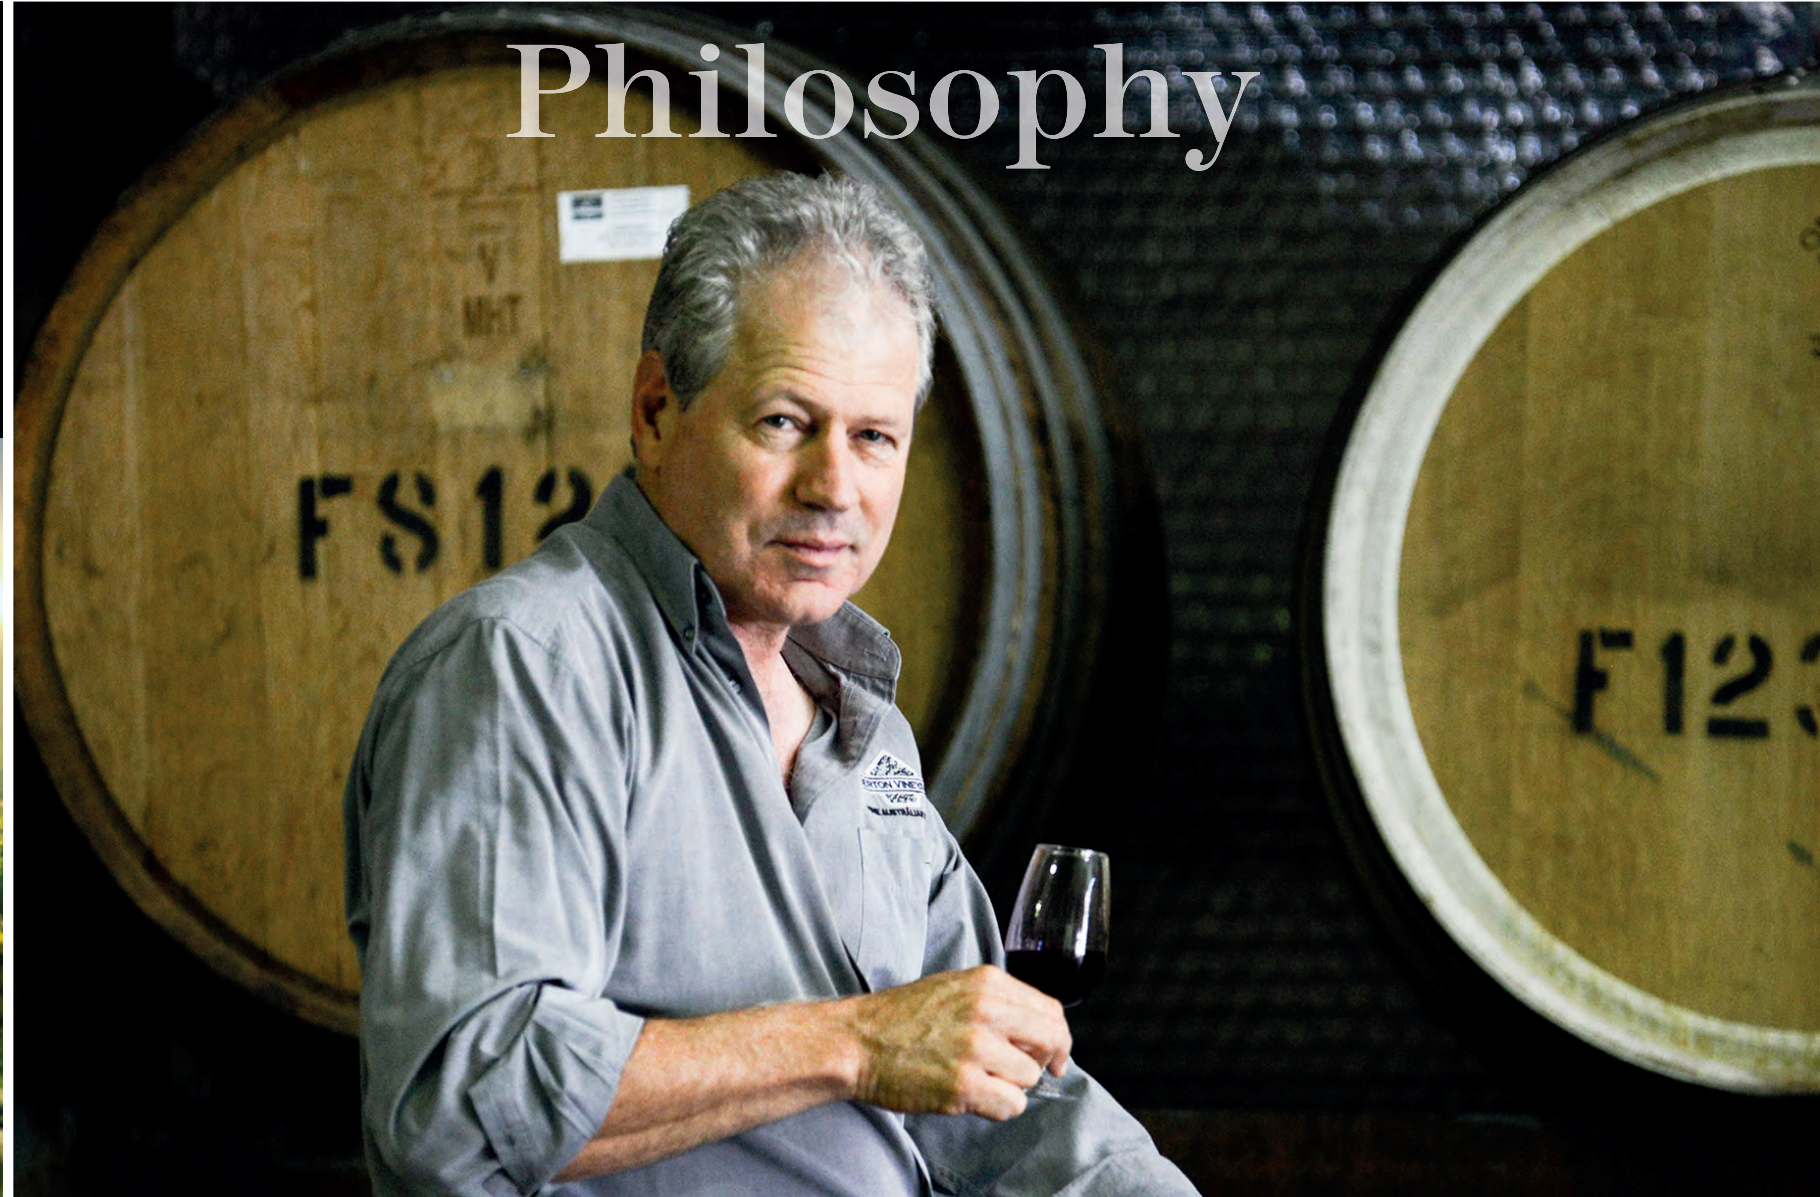

Berton Vineyards has vineyards in Eden Valley and the Riverina. We source fruit from dedicated growers around Australia, many of whom have been with us from the beginning. We believe these relationships are key to delivering quality and consistency in our wines, throughout the portfolio.

The winery and cellar door are both located in the NSW regional township of Yenda which is 550km south west of Sydney and 480km north of Melbourne. The winery was originally established in 1945 and is closely tied with the development of the Riverina as a major Australian Viticultural area.

Philosophy

Winemaking is as much about people as it is about practices - working closely with our growers and customers is key to delivering excellent wines. We believe in using innovation alongside traditional practices to achieve the best quality and sustainable, efficient winery operations.

The People

The demand for our wines has seen our staff numbers grow from a small team of six to a diverse and dedicated company of over fifty. We are proud of our team and enjoy working together for the common goal of delivering the best wines.
