

STONES + THUNDER

At Stones + Thunder, each bottle carries the pulse of our single vineyard in Wilyabrup, Margaret River, where the untamed energy of the land shapes every vintage.

With an unwavering commitment to single-vineyard excellence, our '*Calm Before the Storm*' Chardonnay and '*Echoes of Fury*' Bordeaux Blend have both been crowned Best in Margaret River* in their first vintage of release, earning Stones + Thunder a place among the region's most exciting new producers.

Our wines capture the rugged elegance of Wilyabrup, delivering a pure expression of place and time with precision and depth.

Fuelled by passion and a relentless drive for adventure and excellence, Stones + Thunder is built on the dedication and energy of the family behind it. Our story is one of determination, creativity, and a refusal to settle for the ordinary. We create wines that invite discovery - meant to be savoured, shared, and remembered.

This isn't just wine - it's an experience, a connection, and a legacy in the making.
