

St Johns
WINE

ST JOHNS BROOK

Cabernet Sauvignon 2022

Region Margaret River Wine Region, Western Australia

Tasting Stunning vibrant fruit aromatics; blackberry, cassis, and forest fruits. There's a hint of earthiness and spice adding complexity and a savoury element. The tannins are fine and long and drive the palate. Hint of red berries and pomegranate linger on the palate. The oak is integrated and classy.

Winemaking Machine harvested fruit, crushed and destemmed. A portion of the fruit fermented in open-top fermenters, and the main portion in a larger format red fermenter. Macerated on skins for 10 days before being pressed into temperature controlled tanks to finish fermentation. Aged in 15% new oak, mostly French and some Hungarian for 18 months.

Blend 100% Cabernet Sauvignon

Alcohol 14%

Vegan Yes

Allergen Contains Sulphites

Analysis pH: 3.47 TA: 6.48 RS: 0.2
