

Juniper Estate (Margaret River)

www.juniperestate.com.au

What make Juniper unique within Margaret River, are the three exceptional vineyards we own – each as unique as a fingerprint, situated on some of the most ancient and prized viticultural soils in the world.

Juniper's Wilyabrup dry-grown vineyard was planted in 1973 and delivers extraordinary Cabernet Sauvignon. The southerly, cooler Karridale close-planted vineyard (est.1997) supplies us with remarkable Chardonnay, whilst our Metricup site, planted just to the north in 2008, was established with greater know-how and innovation, and in time, may produce the most exceptional fruit of the three. Each site is certified under the Sustainable Winegrowing Australia initiative and is tended with a long-term outlook to preserve soil health, foster vine resilience, and produce grapes which distinctly express their origin.

Juniper was established in 1998 by Roger Hill and Gillian Anderson, as a small WA family-owned business, and is now managed by their son Tom as CEO.

Juniper Three Fields

Chardonnay 2023

The palate shows great balance & impeccable length, displaying scratched lime, melon, grapefruit & a hint of nougat & lemon butter. Finely textured with bright juicy acidity & effortless flow through the palate.

Juniper Three Fields

Cabernet Sauvignon 2022

A supple & joyous palate, red berry & plum cross paths with cedar, dried rosemary & a subtle salted licorice character. This medium bodied wine shows classically styled and finely woven Cabernet tannin & great length.

Juniper Cornerstone

Wilyabrup Cabernet Sauvignon 2019

Exceptionally fine in texture, mouthfeel & structure. The palate is layered with red & blue fruits, cassis, smoky cedar, & liquorice, culminating in a long, elegant & polished finish.

Juniper Cornerstone

Wilyabrup Chardonnay 2023

A medium-bodied wine of beautiful poise; the natural acidity carrying the fine mealy texture long on the palate. Juicy citrus, oyster shell, sea spray & white grapefruit are all at play in this moreish wine.
