AN OUTSTANDING ACHIEVEMENT

Wine Advocate / eRobert Parker, one of the world's most trusted authorities in reviewing wine, has recently posted their South Australian reviews. Joe Czerwinski, in charge of the Australian, New Zealand, Provence, Rhône Valley and Languedoc-Roussillon regions, visited Kay Brothers in May this year and tasted through the range. He called Kay Brothers winery "a treasure trove of historical implements and information". The reviews are outstanding and the Kay family and winery team is extremely proud of its achievements.
