THE STORY BEHIND NERICON RESERVE

Michele and Domenico Scarfone settled in Nericon in 1956, planting the first vines on the property the following year. Three generations later, the Dee Vine Estate Nericon Reserve is an estate grown range of wines crafted from the original parcel of land at Nericon in the Riverina. This premium release is the embodiment of the Scarfone brothers vision; to produce traditional Italian table wine for the Australian drinker, as well as their passion and dedication in producing remarkably distinctive wines. Six varieties from the original estate have ushered the vision of Michele and Domenico into a new decade including a crisp Sauvignon Blanc, an aromatic Pinot Grigio, a velvety smooth Pinot Noir, a full bodied Shiraz, a deeply layered Durif and a fruitful dry Rosé
