

### Our brand.

The St Johns Wine brand is proudly carried by all our product lines, ensuring our commitment to the same quality of product regardless of market segment. There are obvious differences in our product lines, such as various winemaking methods, hand picked grapes for lines like Optimus, along with the cost of oak barrels. There are also higher cost of hand made small batch wines like our Round Puzzle, but each is proudly signed with the St Johns Wine signature.

## About St Johns Vineyards.

**Blackwood Valley:** Our older vineyard was established in 1997 in the Blackwood Valley region, in the picturesque rolling hills of Boyup Brook. Our '**Tweed River**' vineyard is 52 hectares, making us the largest winegrower in the region. The region's climate is ideally suited to bold reds and aromatic whites grown in deep duplex gravelly soils.

Our main grape varieties are Cabernet Sauvignon, Shiraz, and Chardonnay, grown on various sloped sites within our vineyard to ensure the best growing conditions for each variety. We also have small blocks of unique varieties such as Malbec, Tempranillo, Vermentino and Grenache, from which we produce our small batch Round Puzzle wines.

Our vineyard and winemaking people have observed that our Blackwood Valley vineyard has a tendency for smaller berry size, more fruit intensity, deeper colours, and concentrated flavours, from which we make extraordinary wines.

**Margaret River:** Our 'boutique wine region' vineyard was established in 1998 and located in the northern heartland of the Margaret River, region between Caves Road and Bussell Highway. Our '**Station Gully**' vineyard is 38 hectares, and home to our own winery.

Varieties planted are all on original rootstocks with the key French varieties of Cabernet Sauvignon, Shiraz, Merlot, Chardonnay, Semillon, and Sauvignon Blanc providing the finest fruit for our wine range.

We love having single varietals from both the Blackwood Valley and Margaret River regions, as this brings out the distinct expression of each region. However, we also experiment with blending wines from both regions, to complement each other bringing out the best in both.

Great wines start with well-loved vineyards!

## About St Johns Wine.

St Johns Wine lives by her motto of 'from Vineyard to Venue'. We have two well-established vineyards in Western Australia, one in the beautiful Blackwood Valley region planted in 1997, and the other in the well-known Margaret River region planted in 1998.

For many years our vineyards have practiced low chemical inputs and our own composting program. Being committed to producing wine that reduces environmental impact, cares for people and our community, we became **Sustainable Winegrower Australia** (SWA) certified in 2022.

We operate our own vineyards, harvesters, local transport, winery, warehouse, distribution, city cellar door and on-line sales. Our vertically integrated business carries out all activities and controls the entire flow of goods from vineyard to venue.

Having full control of all aspects of our business ensures the customer receives the best value in consistent high quality, regular supply, and competitive prices. St Johns Wine stands out for her honesty, reliability, and value.

# Crush

St Johns  
WINE

There's a buzz of activity when harvest gets underway. Grapes are picked in the cool of night under the light of the moon, and as the sun rises at dawn our grapes are ready to crush. Crush captures the excitement of harvest and vivid colours of sunrise over our vineyard.

Crush exudes quality, fun and very popular with a retail price of \$17.99

Chardonnay	Blackwood Valley	12
Cabernet Sauvignon	Blackwood Valley	12
Shiraz	Blackwood Valley	12

Tweed River is the creek-bed that meanders through our vineyard at Scotts Brook, Blackwood Valley. It flows for some 30 kilometres before merging into the well-known Blackwood River which then flows all the way south, heading east towards Margaret River and then diving south into the Flinders Bay at Augusta.

For the wine lover who knows that Blackwood Valley wines are a great alternative to Margaret River wines. Great value with a retail price of just \$19.99.

# ROUND PUZZLE

The ever-changing ocean mesmerises and puzzles. One moment its temperament is wine-dark, another moment shimmering crystal. Round Puzzle captures the variety of the surrounding ocean in the circle of your glass, as painted here by our local artist.

Round Puzzle are small batch, hand made, unique wines which reflect the regions of where they are grown.

Targeted for on-premise venues, restaurants, cafes, and wine bars. Visible retail price of \$39.99.

# Optimus

*the best*

Varietal	Region	QTY per case
Cabernet Sauvignon	Margaret River	6
Shiraz	Margaret River	6
Chardonnay	Margaret River	6

When all the elements of terroir, weather, fruit selection and winemaking come together we create our finest wines for museum release and iconic status that can be cellared for up to 25 years.

Opt-ti-mus comes from the Latin word 'the very best'. It's our very best of the best. Only produced from the very best fruit of our oldest vineyard blocks, hand-picked, hand plunged, and only made in the year when the fruit is exceptional.

A very limited amount of high-end wine, skipping vintages when the fruit is not absolutely stunning - only making it into our barrels when our winemaker can exclaim "this is the best I've ever seen or tasted!"

Makes a beautiful gift or for those special occasions at a retail price of \$99.99

“ ...vivid, deep purple-crimson, has all the ingredients to develop for decades to come, with a super-abundance of black fruits, pepper, liquorice, quality oak and exemplary tannins ”

96 POINTS—CELLAR TILL 2042  
JAMES HALLIDAY WINE COMPANION 2015

St Johns  
WINE

Varietal	Region	QTY per case
Petillant Naturel	Margaret River	6

This is our very first wine with the **Sustainable Winegrowers Certified** label.

Wine was pressed from our selected Sauvignon Blanc block to which we added a splash of Shiraz. Both varieties were picked from our Yelverton Vineyard in Margaret River.

Pet Nat, or Petillant Naturel (French for naturally sparkling) is a naturally sparkling wine.

Winemaking was done at our Yelverton Winery. Using a rediscovered traditional winemaking method with minimal intervention makes this wine a playfully effervescent pleasure.

It is a fresh and lively wine made solely to share the good times with friends.

You will love it, and especially with a retail price of only \$27.99.
