Welcome to our Australian and New Zealand Wine Tasting

Hello and welcome to our first Australian and New Zealand Wine Tasting in Amsterdam.

The Aussies and Kiwis are good mates, with lots in common. Fine wine, great food, stunning scenery, the cool Southern Ocean and also our cool Antipodean attitude.

Our wines are an expression of our distinctive terroirs and the vibrant communities that craft them. Perfecting traditional techniques and inventing our own ways of doing things, we push the boundaries in the pursuit of the most diverse, thrilling wines in the world.

At this event, we are showcasing more than 350 wines from 80 producers, ranging from international superstars to small boutique newbies. Taste the wines that have put Australia and New Zealand in the spotlight and discover exciting new styles that are coming out of the two countries today. You'll find wines from 28 regions across Australia and New Zealand, and 25 different grape varieties.

We love to craft exceptional wine while protecting our natural wonders for future generations to enjoy. At today's tasting, you can meet organic, biodynamic and sustainable champions and find out how our producers are nurturing the land, supporting regional communities and establishing resilient businesses.

We extend a particularly warm welcome to our 'new to market' Australian and New Zealand producers. Discover exciting new wines from 36 wineries looking for distribution in the Netherlands.

Man O' War is a Waiheke Island icon, shaped by steep, coastal vineyards and decades of hands-on innovation. Defined by both power and finesse, their award-winning wines are reflective of the diversity and intensity of their island origin. Their pioneering spirit now ventures south through Swiftsure - a bold, regionally expressive collection from rugged low-yielding, high-altitude vineyards in Marlborough and Bannockburn, Central Otago. United by family ownership and an off-piste approach, Man O' War and Swiftsure share the same ethos - crafting distinctive wines with a unique sense of place.

Hāhā translated from Te Reo Maori means “to catch your breath”. We think it’s an expression that perfectly captures the essence of Hāhā Wine: Hāhā is the breath, and our breath is the kōrero or the conversation that brings us together. Hāhā Wine was born from a Kiwi tradition of relaxed get-togethers. Owned by three families, we produce stunning wines from sustainable vineyards in the renowned Marlborough, Hawke’s Bay and Central Otago regions. Our wines are produced in a fruit-forward style with complexity, texture and elegant layering. Wines made with enough ‘wow’, and ready to drink now. A toast to Aotearoa, we pride ourselves on making wines that unite people in the true spirit of friendship and that make you feel alive.

Small Wonder crafts expressive, cool-climate wines from two of Tasmania's leading cool-climate regions: a certified organic vineyard in the Tamar Valley and a second site in the Coal River Valley, currently in organic transition. All wines are hand-harvested, made and bottled on-site at a purpose-built winery in the Tamar Valley. Winemaking is light-touch yet precise: wild ferments, gentle lees work, restrained oak and gravity-led handling. With small-batch fermentations and block-by-block vinification, each wine reflects its site, soil and season. A new cellar door and restaurant are set to open in 2026, further elevating Small Wonder's role in Tasmanian wine and tourism.

In 2007, Freerk started importing his own wines, driven by grapes and wine and everything in between. It has already brought us to many special winemakers along with their wines. The portfolio now contains over 300 wines. This colourful assortment of wines mainly comes from Europe and the southern hemisphere, with wines from Chile, New Zealand, and South Africa. The diversity in flavour and the style of the wine is one of our focal points. Even more importantly, we are always looking for wines that are typical of the region and that show the character of the grape they are made from. Both aspects must be pronounced, but quality is always leading in our purchasing philosophy. Almost 80% of our wines are organically certified or on their way to becoming so. Many of our winemakers realize that this is also the way for them to cultivate their grapes.

Eccentric specialist and exclusive importer of the finest wines from Australia and New Zealand, that is what we are. Our eccentricity speaks for itself. What does an importer have to say if they don't have strong opinions about what is worth experiencing and what is not? This, in our eyes, implies that you know what you are talking about: first knowledge of the subject, then the ideas. That's why we are specialists and not generalists. Instead of knowing a little bit about everything, we know a lot about a little bit, and that way we really have something to share.

In 1987, David and Cheryl bought their first property, Kabinige, near Tanunda. The family then started to plant vines and it could all have ended right there. As the baby vines grew, David and Cheryl's kids, Sam and Nicole, were conscripted to help water, prune and pick, all by hand. These were the hard yards. This is when Cheryl took charge and called in her family, the Thorns. Her father, Ron, and her brothers soon had the vineyard in premium condition. And the small vineyard truly started to bear fruit. Very good fruit, in fact. A tribute to David's site selection and the Thorns' vineyard management: geology and viticulture. For over 10 years, the vineyards developed a fine reputation and the fruit was sold to neighbouring winemakers, who turned it into award-winning wines. Which was pleasing. But hardly fulfilling. The leap of faith was taken and starting with the 1998 Vintage, small batches of Shiraz were made through to wine and so started the Thorn-Clarke story.

Dave's Down Under Wines specializes in premium wines from Australia. During a holiday in Australia, I discovered some of the most special and best wines I have ever tasted. This unforgettable experience inspired me to bring these unique Australian wines to the Netherlands! Be surprised by the taste of Down Under, taste the sun, the craftsmanship, and the unique terroirs of top Australian wines. Perfect for wine lovers looking for something special. What is also remarkable is that these wines are shipped to the Netherlands CO2-neutral and therefore have no negative impact on the climate!

A family-owned NZ company, we take the boutique winery approach to winemaking by controlling the entire process – from developing our own vineyards and viticultural techniques and investing in the best technology possible for bottling and warehousing. Our 503 planted hectares of vineyards in the key grape growing areas -Hawke's Bay and Marlborough- ensures complete control over the whole winemaking process. Our portfolio includes 16 distinct brands. Each of these represents a unique history, flavour profile and style of winemaking. We have been selling wine both domestically and internationally for over 40 years all of which is handled in-house.

Te Kano, the Māori word for ‘the seed’, is situated in Central Otago, New Zealand and is owned by the Lloyd family. The brand is focused on regeneration and increasing biodiversity to help produce the best Pinot Noir, Chardonnay, Pinot Gris, as well as other varieties such as one of the world’s most southerly grown Cabernet Francs. It is a true family estate operation with four vineyards, a winery, bottling line and an award-winning designed cellar door, which is the stage to highlight the wines and connect with consumers.

Arisz et al. is an Amsterdam-based wine importer with a passion for artisanal wines from small, independent producers. Since its founding, Arisz et al. has focused on terroir-driven wines with character, purity, and authenticity, often from organically or biodynamically farmed vineyards. While the core of the business is supplying the hospitality industry, private customers are also welcome to explore a curated selection. The portfolio consists mainly of European wines — including classics from France, Italy, and Spain — but features one deliberate exception: a single Australian winemaker who fits seamlessly into their philosophy of honest, expressive, and thoughtfully made wines.

Torbreck Vintners was created with the aim of building one of the finest wine estates in the world. Founded in 1994, over the ensuing years we have been fortunate to have had the opportunity to invest in the protection of some of the Barossa's (and the world's) oldest, most precious vineyards. Spread across 20km of the valley's western ridge, 200 acres of exceptional old vine sites dating back 170+ years. All join our home block the Descendant Vineyard under the custodianship of Torbreck.

TORBRECK

BAROSSA VALLEY

Escarpment strives to produce wines that capture a unique sense of place. Our winery is based on Te Muna Road on the fabled distinctive alluvial gravels of the Martinborough Terrace, perfect for sublime Pinot Noir. "Te Muna" in the Maori language means "secret" or "special place", and to us at Escarpment that is exactly how we feel about the land and what it means to live, grow and make wine there. We are focused on creating wines with an identifiable structure, complexity and fruit expression that reflect their distinctive sites and their regional Martinborough accent.
