## pinot noir 2020

(taste)

1. Pinot Noir, just as it should be. Bursting with aromas of red cherry and subtle rhubarb nuances. Minimal intervention showing pure varietal characters.

[ex-PRESS-ion] has delightful acidity, coupled with a silky palate, verity tannins and a fresh delicate lingering finish.

(winemaker notes)

This was a surprise pocket from the 2020 vintage since it is so quintessentially pinot from not a typical pinot noir region.
