

St Johns
WINE

ST JOHNS BROOK

Chardonnay 2023

Region Margaret River Wine Region, Western Australia

Tasting This Chardonnay captures the very essence of what Margaret River Chardonnay is highly regarded for while simultaneously including a modern palate. Great fruit expression with creamy stone fruit and fresh apple melded with bright citrus with a hint of tropical fruit. Rich mouthfeel and rounded palate displaying hints of vanilla and butterscotch.

Winemaking Mostly machine harvested at night with some early morning handpicked fruit. Pressed into stainless steel tanks to settle, then racked to barrel while still hazy for wild ferment, allowing natural expression. Aged in a mix of old and new French barrels, with some lees stirring to build up texture and creaminess. Barrels carefully selected and blended to create the desired Chardonnay.

Blend 100% Chardonnay

Alcohol 13%

Vegan Yes

Allergen Contains Sulphites

Analysis pH: 3.23 TA: 7.05 RS: 0.2
