Welcome

Hello and welcome to our first Australia and New Zealand Trade Tasting in London.

The Aussies and Kiwis are good mates with lots in common. Fine wine, great food, stunning scenery, the cool Southern Ocean and also our cool Antipodean attitude.

New Zealand Winegrowers' annual trade tasting has been running since 1982 and Wine Australia's since 1986, and this is the first time that we've come together to run the event.

Our wines are an expression of our distinctive terroirs and the vibrant communities that craft them. Perfecting traditional techniques and inventing our own ways of doing things, we push the boundaries in the pursuit of the most diverse, thrilling wines in the world.

Explore more than 1,000 wines from 200 wineries, ranging from international superstars to small boutique newbies. You'll find wines from 46 regions across Australia and New Zealand, and 45 different grape varieties. This is an opportunity to taste the latest vintages from iconic producers, discover alternative grape varieties and new wave styles, meet winemakers and catch up with importers. And don't miss the free-pour tasting to try a selection of varieties and styles from each country.

We love to craft exceptional wine while protecting our natural wonders for future generations to enjoy. At today's tasting, you can meet organic, biodynamic and sustainable champions and find

out how our producers are nurturing the land, supporting regional communities and establishing resilient businesses.

We extend a particularly warm welcome to our 'new to market' Australian and New Zealand producers. Discover more than 100 new wines from wineries seeking distribution in the UK. Their wines include Wairarapa Riesling, Central Otago Pinot Noir, Barossa Valley Picpoul, Pét Nat Zinfandel and a chocolate infused fortified wine. Offering a range of styles and varieties, there's something for every buyer.

At the event today, we have a barista upstairs so please help yourself to a complimentary coffee or another hot drink. It's a nod to our Aussie and New Zealand coffee culture and a good excuse for you to stay a bit longer.

If you have any queries about Australian or New Zealand wine, the Wine Australia and New Zealand teams are on hand and please don't hesitate to contact us on uk@wineaustralia.com and sarahs@nzwine.com.

Don't forget to share your discoveries with us and your fellow tasters. You can join the online conversation with the hashtags [#aussiewine](#) [#nzwine](#).

We hope you enjoy the tasting and look forward to hearing your feedback.

SEEKING DISTRIBUTION

Blue Pyrenees Estate was established in 1963 by the French company Rémy Martin. The winery's first manager pioneered with plantings of famous French varieties like Shiraz, later experimenting with new world varieties, paving the way for premium cool climate viticulture in Australia. The rest, as they say, is history. Blue Pyrenees Estate was among the modern Australian wine industry's first ventures into cool-climate viticulture. In 2019 Blue Pyrenees Estate was purchased by the proprietors of Glenlofty Estate, the long standing central Victorian family the Richmond-Smith's. We've continued to evolve over the years and are proud to make authentic, world-class wines that do the Pyrenees region justice.

Levantine Hill is the perfect merger of two vineyards right in the heart of the Yarra Valley. On the one side, a vineyard producing superior grapes since the 1990s. On the other, lovingly planted family blocks right alongside a Truffière surrounding our Homestead. Together, this combined estate is pure testament to the passion and toil of dedicated human hands and man's tenuous relationship with the nurturing love of Mother Nature.

Alkina Wine Estate: Alkina is a new story on an old place. MD and Winemaker Amelia Nolan runs Alkina on behalf of Argentinian Alejandro Bulgheroni. Established in 2016, Alkina consists of 43ha of certified organic and biodynamic vineyards in the Western Ranges of the Barossa Valley. Amelia works alongside Alberto Antonini and Pedro Parra, who has micro mapped the ancient soils of each vineyard to identify various polygons within each site. These polygons are then fermented separately in order to accurately reflect their unique and authentic terroir without the use of oak.

Swinney: The Farvie Wines. Owned by siblings, Matt and Janelle Swinney, whose family have been farming in Frankland River for over 100 years and made by Rob Mann, one of Australia's greatest contemporary winemakers. The dry grown, bush vine vineyards are organically farmed (not certified) and managed by Rhys Thomas. The Farvie wines were first released in 2018 to worldwide acclaim.

Over thirty years ago, in February 1994 Hatch Mansfield was established with Louis Jadot, Errazuriz and Villa Maria, headed up by Patrick McGrath MW. Today this goal remains unchanged – we now proudly represent 24 internationally acclaimed wineries with a 70-strong team.

Wirra Wirra is part of Australia's most sustainable wine region, McLaren Vale. With organic and biodynamic certified estate vineyards and an unwavering commitment to protecting and developing their environment, Wirra Wirra cut no corners when producing quality wines in the most environmentally friendly way possible. The Wirra Wirra portfolio is one of style, substance and diversity. Each wine captures the unique marriage between grape variety and regional expression.

Jackson Estate has a long-established connection with its land. The Stitchbury family farmed and nurtured their estate for over 160 years, and it was the fifth generation who first planted vines. One can expect the world-loved, vibrant, fruit-led style of New Zealand wine but with a deeper backbone of minerality and savoury complexity that really showcases the handcrafted approach taken to their whole portfolio.

At Clark Foyster Wines, our ethos is to source wines of elegance and authenticity; wines which are true to their origins and reflect their terroir. We prefer to forge long-term relationships with suppliers, especially small, family-run estates producing wines to the highest standards. Whilst largely a European importer, we import wines from two very special Australian producers, Mac Forbes, who produces hand crafted wines from cooler sites around the Yarra and Strathbogie Ranges in Victoria, and Vinya Vella in the Barossa Valley, which is home to some of the oldest Grenache vines in Australia, with many over 130 years old.

The primary emphasis for all of Mahi's wines is texture, aiming for wines that give real palate satisfaction rather than fruit-bomb styles. The koru in the snail logo is used to show our wines are constantly evolving. It also represents time which is key in our winemaking process.

McHenry Hohnen Vintners was founded in 2004 as a venture between pioneer Margaret River winemaker David Hohnen and his brother-in-law and vine-grower, Murray McHenry. All the grapes are sourced from family-owned vineyards in the southern edge of the Margaret River region. Today, winemaking is headed up by Jacopo Dalli Cani. The McHenry Hohnen intention is to shape wines with verve and vitality. This is done by embracing a 'hands-off' winemaking philosophy, where each wine is a focussed expression of its variety, its growing season and its individual site. Viticultural practices embrace old-school holistic farming philosophies and biodynamic practices which cultivate an environment where the soil and its organisms, along with plants, insects and animals, co-exist in a thriving equilibrium.

Named after a 19th-century explorer's ship, Astrolabe is Simon and Jane Waghorn's voyage into winemaking exploration in New Zealand's Marlborough region. Now joined by their daughters Arabella and Libby, the estate is registered New Zealand Sustainable wine growing and Toitū carbon Zero. The family-owned estate is rightly celebrated for wines that express the variety of their soil and the nuances of their terroir: from the Wairau and Awatere Valleys to the Kekerengu Coast. Astrolabe wines reflect the Waghorns' innovative treatment of specific parcels and winemaking process to capture undiscovered qualities of individual grape varieties, from distinctive sub-regions of Marlborough, resulting in some of the most pure and elegant wines from the region.

SEEKING DISTRIBUTION

Nestled in the distant Frankland River of the Great Southern, our home is one of the world’s most isolated. Our terroir, soil, and climate are one-of-a-kind, and every experience here is rare—from the extraordinary majesty of the open sky to vistas that seem endless. Our wine, born from the distinctive character of our land, is perhaps the rarest experience of them all. We take our time, subtly crafting each vintage, bottled under our own label. We bend, sway, and move to the rhythm of nature. For us, the art of winemaking rests on resilience, resourcefulness, and adaptability. We believe that great wine is the product of turning tough moments into important lessons. We are constantly aiming for something greater. Because we believe the trail less travelled is always worth exploring.

Neal and Judy Ibbotson have been viticulture pioneers in Marlborough since 1978. The grapes from their vineyard were originally supplied to local wine companies, however they wanted to showcase the quality they had achieved in their vineyards through to the finished wine as well. This desire is what led to the establishment of Saint Clair Family Estate in 1994. Our mission is to create world-class wines that exceed our customers' every expectation. Neal combines his extensive viticultural expertise, the unique mix of Marlborough's climate and soils, and the talent of one of New Zealand's leading winemaking teams to achieve this mission.

Rockburn started as the hobby of Richard Bunton, he planted a few hectares of vineyard in the then relatively unknown area of Central Otago. Winemaker Malcolm Rees-Francis arrived from Felton Road where his skills immediately reaped reward when he won the Elite Gold Medal and the Young Antipodean Winemaker of the Year. Following an ecological philosophy, the vines are sustainably cultivated, and the estate holds the Sustainable Wines of New Zealand certification. This is a very exciting winery on the world Pinot Noir stage; quite simply Rockburn is one of the very best producers of Pinot Noir in New Zealand.

Milestone Wines was born in 2017 by Miles Corish MW after having supplied Lancashire's finest under a different guise for close to 15 years. We're incredibly proud to say that some of his first customers are still with us today. In 2020, Miles was joined in the business by long time wine trade veteran and partner Emma McRobb. Our ethos as a company has been, and will always be, to offer uncompromising quality in every bottle at every price. When evaluating new producers to work with we set the bar incredibly high, and sometimes cast aside propositions that would make total sense commercially but don't stack up to the standards we've set! For us good 'value for money' isn't how cheap a bottle is, it's how does the intrinsic value of the product match up against its competitors.

Today ABS continues to import and source distinctive regional wines from around the world, with Australia remaining a key focus for the business. The ABS philosophy has remained steadfast across the years, working with family run wineries, establishing long term partnerships for distribution in the UK and across Europe. Our Australian portfolio spans some of the most important regions in South Australia, Victoria and New South Wales, with focus on both traditional and more modern styles. Whether it's cool climate Chardonnay from Orange, wild ferment Semillon from NSW, liquid gold muscat from Rutherglen or a classic McLaren Vale Shiraz – you will find them all on the ABS table at this years' tasting.

Importer: Australian Vintners

Peerick is a fusion of ancient cultures, spiritual connections and dogged commitment to sustainability ... and the production of powerful, elegant wines with intense flavours, superb structure, colour and ageing potential. Our name, derived from the Aboriginal word 'beeric', was bestowed on our region by the Dja Dja Wurrung. Their beliefs and dreamtime stories, together with the triskele from our Celtic culture, are proudly depicted on our labels. It encompasses our deep spiritual connection to the ancient, fragile country from which our wines are derived, permeating everything we do, from viticultural practices through to our minimalist intervention wine making.

Australian Vintners : Bringing the best & rarest Australian wines to the UK. Australian Vintners was born over a bottle of wine between two great mates with one simple goal; to discover and bring the incredible wines Australia has to offer to the UK. Our wines come from small batch, family-run producers. They put so much love and energy into making their wines and each tells a brilliant story. We stock only Australian wines which makes us unique. Many of our wineries are award winning and we focus on wines that are ready to drink and pair beautifully with food.
