Wines from McLaren Vale

2023 Preservative Free Grenache

A small portion of three distinct Grenache vineyards were blended to produce this joven style. One from the low altitude and coastal Lacey vineyard in Tatachilla, another from young vines in the elevated Seaview subregion, and an 80-year-old bush vine vineyard in Blewitt Springs planted on deep sand. The individual parcels fermented separately; all harvested by hand and gently destemmed to give whole berry ferments, 25% whole bunches were added to the bottom of each ferment to begin fermenting carbonically, hand plunged in small open fermenters for two weeks. Bottled after 2 months in seasoned puncheons and hogs heads. No fining, and no acid or sulphur additions

Lifted and Luscious, bright fresh red berries with a structured finish.
