VINEYARD

Located on the Stirling Estate, in the Geographe wine region of Western Australia, the Capel Vale original vineyard was established in 1974. Subsequently, Capel Vale has made substantial investments in the Margaret River and Mount Barker regions, pioneering the importance of matching suitable grape varieties to these premium cool-climate regions.

WINEMAKING PHILOSOPHY

Capel Vale is committed to producing the best possible wines from varietals that are specifically matched to each of Western Australia's premium viticultural regions.

The winemaking team strives to produce wines of definitive regional flavour and varietal expression. At the heart of their philosophy is a focus on balance, complexity and elegant fruit flavours.

Screwcap closures are used for all wines, to ensure even maturation and optimal preservation.

Capel Vale has been crafting intensely fruit driven, powerful yet elegant wines from the cool regions of Western Australia since 1974.

Family owned, Capel Vale has established mature vineyards in Geographe, Mt Barker and Margaret River, and produces wines that reflect the distinct climate and soils of each region.

SINGLE VINEYARD WINES

- Whispering Hill Riesling, Mount Barker
- Whispering Hill Shiraz, Mount Barker
- The Scholar Cabernet Sauvignon, Margaret River

Debut wines are fresh, fruity, exuberant wines which remain true at all times to their varietal origins. They offer accessibility with immediate satisfaction and enjoyment. Driven by the complexity of each grape variety, “Debut” wines are best enjoyed upon release, although reds can be cellared for up to four years.

Each of the Regional Series wines are grown where the optimal expression of its variety can be achieved. Site and varietal selection is the result of more than thirty years of research, trial and observation of vine performance in Capel Vale’s various vineyards.

These elegant and graceful wines display refined fruit character and a degree of ageing appropriate to the variety. Perfectly approachable upon release, they will however, reveal their strength and pedigree with further appropriate cellaring.

The Single Vineyard wines represent the ultimate expression of varietal fruit flavour and winemaking excellence from Capel Vale. They are only released in years when the highest quality standards are achieved.

Winemakers are constantly alert to the subtle nuances that characterize a truly exceptional vintage within a specific viticultural region. When such an opportunity presents itself, a single vineyard release is possible.

These wines are an exceptional statement of hand-crafted winemaking, displaying great character, concentration, harmony and balance.
