

GLENLOFTY ESTATE

PYRENEES VICTORIA

2017 GLENLOFTY PYRENEES CABERNET SAUVIGNON

The Vineyards of Glenlofty

There are 5 vineyard blocks of Cabernet Sauvignon on the estate which typically produce full bodied wines.

The vineyards of Glenlofty lie at 340 metres above sea level in the heart of the Pyrenees in western Victoria and total almost 140 hectares. The vines were established in 1995 by Southcorp to supply premium cooler climate red and white varieties for the Seppelts and Penfolds brands.

The estate is comprised of 32 separate blocks of which five are Cabernet Sauvignon.

Tasting Note

Lifted primary Cabernet aromas of blackcurrant and cassis, with ripe, red fruit juve flavours derived from the Merlot, and balanced oak characters from the use of aged American oak. Fine tannins and length of flavour.
