

COTTONTAIL WINES

SAUVIGNON BLANC SEMILLON

LOCATION

Cottontail Wines is located in South Eastern Australia, specifically the Gundagai wine region, classically known for ideal growing seasons producing rich fruit characteristics and beautiful berry colouring. The vineyard experiences ideal spring conditions separating cold winters with hot summers.

PAIRING

Our Sauvignon Blanc Semillon is a style suited for early release. Best enjoyed now, however will develop an interesting character as it ages. Light salads and seafood are ideal matches for this style.

KEY NOTES

This wine is an un-oaked blend, sourced from the colder climate of South East Australia. Several blending trials were undertaken to develop the best of these two wine varieties. Fresh, crisp, refreshing, with abundant citrus flavours. The palate is clean with balanced acid and an elegant dry finish.
