SOUTH AUSTRALIA SAUVIGNON BLANC 2021

VINTAGE CONDITIONS – It has been noted as one of the best growing seasons in recent years, with a wet winter allowing the vines to produce a healthy canopy, and mild temperatures and periodic rain providing good growing conditions. Very little heat stress was experienced across the growing regions. A cool and dry summer sustained even ripening and allowed viticulturists and winemakers to harvest grapes at their optimal fruit expression.

WINEMAKING – Fruit was harvested in the night to ensure that it was as cool as possible when picked before being crushed and de-stemmed and pressed to a settling tank. The juice was clarified and inoculated with selected yeast to express fruit characters. A slow, cool ferment at 14–16 degrees preserved the natural aromatics.

COLOUR – Pale straw with green hues.

AROMA – Lifted and lively with grapefruit, gooseberry, and fresh lychee.

PALATE – Crisp and refreshing with tropical fruits, lime zest and white pear.

WINE ANALYSIS – Alc/Vol: 11.5%, pH: 3.27, Acidity: 7.0

WINEMAKER – Leisha Munro & Stephen Tierney
