

Single Vineyard Sellers

Wholistic supplier and distributor of branded and bulk wines from Australia. Importer of bulk and fine wines internationally.

Who are we?

1

SVS is a vertically integrated producer, wholesaler, importer and exporter of (mainly) wines.

2

We love to sell wine, and are very happy to find the wine style and selling method that works for each customer. “If we wouldn’t drink it, we won’t sell it.”

3

We have a wide range of products including organic and natural wines.

4

We specialise in single vineyard producers (hence the name), representing wines that we feel are outstanding quality and deliver value for money, at all price points.

The SVS Way

At SVS we love selling wine to people who love to sell wine to people who love to drink wine.

We import, distribute and make wines we are proud of, in volumes that mean our customers can afford to buy them again. We produce our own wines, as well as private label wines for Supermarkets, Importers and On-premise groups.

Vision

A recognised (trade) international distributor
of recognised (consumer) brands that we own.
