Technical Notes

Vineyard: This wine combines the elegant structure of Cabernet Sauvignon with the texture of Merlot. Characters of plum, mulberries and red fruits shine. Tannins are soft, generous and supportive of the generous fruit.

Winery: In making this wine, the aim is to minimise the over extraction of tannin to produce a style rich in flavour with a softness to allow the wine to be enjoyed upon release. Harvested using selective harvesters, the fruit arrives at the winery in immaculate condition. Cooler fermentation in open static stainless steel fermenters, gentle pumpovers and soft pressing before maturing in French barriques. This year our blend is 68% Cabernet, 21% Merlot, 5% Cabernet Franc, 4% Malbec, 2% Petit Verdot.

Fermentation: Fermented in open fermenters on skins for 10 days before maturing in a combination of new and older French oak barriques for 15 months.
