ADELAIDE HILLS

The Pawn Wine Co. is not driven by regal ambition, but a strong resolve to rescue unique grape varieties from becoming lost as blending tools in the corporate wine game.

-

The Pawn's passionate moves have rebelled against the trend, realising the potential of alternative wine styles and allowing them to shine within the wine industry.

-

By staying small and hands-on, I can continue my crusade to create uniquely hand crafted wines from the cool climate of the Adelaide Hills.
