

2021 All Saints Estate Pinot Grigio

The Range

Our sophisticated, premium wines have plenty to offer the discerning consumer looking to try something new, yet approachable. Fruit driven with excellent balance and structure, these ready-to-drink styles are wonderful on their own and the perfect partner for a wide range of cuisines.

The Wine

This is a crisp, light, refreshing wine with delicate aromas of pear and peach and elegant, well balanced acidity on the finish.

Variety

Pinot Grigio originates in northern Italy and plantings can be found in the Lombardy region and in Alto Adige, Italy's northern most wine region. The grape is also prominent in the Friuli-Venezia Giulia region. Many new world winemakers are also working with the variety and excellent examples can be found from the cooler regions of Australia, and from New Zealand, USA and others. Bottled on August 3, 2021.

Winemaking

Grown in the cool climate of North East Victoria's King Valley, and then fermented to dryness in stainless steel tanks, the grapes are handled quickly and carefully. The winemaking is all about preserving fresh fruit flavours and acidity.

Food Matching

Pinot Grigio is easy drinking and care free, ideal for casual dining with simple dishes. It makes a wonderful partner to light pasta and salads, or perhaps a plate of grilled sardines as an entrée.

Cellaring Potential

This appealing wine is to be enjoyed young and is not destined for the cellar. Drink now.

Technical Information

Alcohol 12.5%

Std Drinks 7.4
