

## WINE NOTES

### *Peccavi 'Estate' Cabernet Sauvignon 2020*

#### **Vinification and Maturation**

After being hand picked in the early morning, this wine goes through the state-of-the-art Oscill Destemmer, and hand sorted at a meticulous quarter ton an hour. This wine is made from a combination of pump over in a combination of Sonoma cast concrete egg and open top fermenters, where it is pumped over, and hand plunged every 6 hours around the clock for three weeks. The wine is then matured in 100% fine French oak, 60% new, sourced from the Saint-Emilion and Pomerol region, for 18 months.

#### Certified Sustainable Vineyard and Winery

Winemakers	Jeremy Muller and Stuart Watson
