

Voyager Estate (Margaret River)

www.voyagerestate.com.au

Established in 1978, Voyager Estate is a second-generation family-owned estate in Stevens Valley, Margaret River, Western Australia. Through a continued focus on sustainability, craft and innovation, Voyager Estate aims to shine a light on Margaret River and their special place in it. All their wines are 100% Estate grown, with a collection spanning single site Cabernets and Chardonnays, to alternative varieties that evoke a true sense of place.

From 2023 onwards, both the winery and vineyard proudly bear full organic certification. The journey towards this achievement commenced in 2017, with the inaugural harvest of certified organic grapes in 2020.

Amidst a sanctuary of lush gardens and rolling lawns, the Cellar Door and Restaurant are housed in a beautiful, white-washed Cape Dutch Manor House, all ringed by estate vineyards and the majestic Marris beyond.
