

THE UNTOLD STORY OF ORGANIC WINE IN AUSTRALIA

10 MARCH 2024

PRESENTED BY STUART LEECE

Australians have been farming organically since well before certifying bodies existed. Join Stu Leece, producer of organic, natural and chemical free wines across Australia and explore why it's easier to do in some regions than others, the interaction between climate change and organic methods and how you can influence its development.

1 Mt Bera 'Dream Catcher' Adelaide Hills Pinot Gris 2020
