#aussiewine

Welcome

Australia began making wine over two centuries ago. It's a country rich in old vines, multi-generational winemaking families and an ingrained knowledge and respect of the craft. Add to that a yearning to innovate, a fearless attitude and a diverse patchwork of 65 wine regions and more than 100 grape varieties, and you have the makings of an extraordinary wine country like no other.

As this year's tasting in Stockholm, we'll be showcasing more than 300 wines, representing 35 wine regions. You will discover wines from some of our most renowned regions, to the lesser known. Some of the wineries here you'll be familiar with, but others you might not have come across before. Six producers at the tasting aren't yet in the Swedish market and are seeking distribution.

Visit our focus tables to explore a diverse range of Australian wine from three regions – Orange, Margaret River and Rutherglen. On the three tables, the wines display a unique sense of place, the personality of the winemaker and different winemaking techniques. From the revered classics and regional heroes to exciting new varieties and styles, you'll discover Australian wines that are far from ordinary.

At today's tasting, we're looking forward to introducing you to Australian Wine Discovered. This is our new education programme, which provides free information packs, tools and resources to discover and share Australian wine. With editable presentations, videos, maps, tasting mats and more, it's a fantastic resource for wine educators, importers, distributors and retailers. Explore the programme with the Wine Australia team or check out www.australianwinediscovered.com

The Australian winegrape crush for 2019 is estimated to be 1.73 million tonnes, just 1% below the 10-year average, according to the National Vintage Report 2019. This figure is well above early predictions that the harvest would be 10-20% down on the 2018 vintage. Overall the challenging weather conditions were mitigated where possible and the lower yields were offset by exceptional colour and flavour in the resulting wines. It was another high-quality vintage for our wines and the good-sized crop will mean that we can continue to supply our export and domestic markets.

Don't forget to share your discoveries with us and your fellow tasters. You can join the online conversation with the hashtags #aussiewine. We're on Twitter (@Wine_Australia), Instagram (wineaustralia) and Facebook (WineAustralia).

If we can help to answer questions, educate or inspire you, please ask one of the Wine Australia team or drop us a line later on europe@wineaustralia.com. We hope you enjoy the tasting and look forward to hearing your feedback.

Margaret River is one of the most isolated wine regions in the world, with ancient forests, pristine beaches, and plants and wildlife found nowhere else. It's also home to passionate winemakers crafting premium wine.

Three hours from Perth, Margaret River was once a hidden oasis, occupied by dairy farmers and surfers. In the 1950s and 60s scientists deemed it ideal for growing high-quality grapes and things moved quickly. Today there are over two hundred wineries in Margaret River, producing around 20% of Australia's premium wines from just 3% of Australia's total crush.

The region's maritime influences, ancient soils, modern history and pioneering winemakers all contribute to the production of world-class wines. Margaret River is renowned for powerful, yet elegant, Cabernet Sauvignon and fresh, focused Chardonnay.

FOCUS TABLE TWO ORANGE

Charlotte Gundry • Executive Officer
Orange Region Vignerons Association
m: +61 400 036 743
Email: charlottegundry@me.com
www.orangewinefestival.com.au

Orange, located three-and-a-half hours west of Sydney in New South Wales, is a gourmet hotspot with a reputation for delicious regional produce, from berries and truffles to cheese and wine.

Sitting 600 to 1,150 metres above sea level, Orange has one of the highest vineyard areas in Australia. Its undulating landscape is dominated by the extinct volcano, Mount Canobolas. The region's cool climate, with cold nights and dry autumn conditions, and rich volcanic soils make it ideal for grape growing.

Orange has more than 60 wineries producing a diverse range of wines. Shiraz, the region's most planted variety, is the hero red wine. For white wines Riesling is one to watch, but Chardonnay has really stolen the show. Chardonnay grows well at elevation, producing varying styles from crisp and elegant through to robust and full-flavoured.

FOCUS TABLE THREE RUTHERGLEN

Annalee Nolan • Executive Officer
Winemakers of Rutherglen
t: +612 6078 4188
Email: annalee@nolanmediaevents.com.au
www.winemakers.com.au

Rutherglen is in northern Victoria about three hours from Melbourne, near the New South Wales border and close to the Murray River. Vines came to Rutherglen with the gold rush of the 1850s and the region became Australia's capital of fortified wines. Since then, winemaking has been a family tradition and today fifth, sixth and seventh generation winemakers are continuing this legacy.

Fortified wines are among Australia's most unique and interesting wines, and until the 1960s this category accounted for 80% of the Australian wine industry. Nowadays it's a small but really compelling part of the Australian wine offering. Rutherglen's fortified wines made from Muscat and Muscadelle are uniquely Australian and among the best in the world. Some are aged for up to a century to produce rich, sweet and complex wines.

The legendary winemaking families of the region have been joined in recent years by a crop of young winemakers that are experimenting with new grape varieties and modern techniques. A style that is turning heads is red wine made from Durif. This rare variety thrives in Rutherglen and produces full-flavoured and age-worthy red wines.
