Escarpment strives to produce wines that capture a unique sense of place.

Our winery is based on Te Muna Road on the fabled distinctive alluvial gravels of the Martinborough Terrace, perfect for sublime Pinot Noir. “Te Muna” in the Maori language means “secret” or “special place”, and to us at Escarpment that is exactly how we feel about the land and what it means to live, grow and make wine there. We are focused on creating wines with an identifiable structure, complexity and fruit expression that reflect their distinctive sites and their regional Martinborough accent.

Torbreck Vintners was created with the aim of building one of the finest wine estates in the world. Our vision is to pay homage to the vineyards of the Barossa Valley, home to some of the oldest vines on the planet. Founded in 1994, Torbreck Vintners was created around a philosophy of gaining access to the most precious dry-grown, old vine Shiraz, Grenache and Mataro vineyards that surround the Barossa Valley. Securing these vineyards initially involved share farming a grower’s property, a practice which involves paying the owner a percentage of the market rate for their grapes in return for managing their vineyard. This share-farming principle along with estate ownership of some of the oldest and most highly prized vineyards in the world, is the reason why Torbreck Vintners are able to produce some of the finest wines from the Barossa Valley, and is key to both their international success and global recognition in such a short period of time.

Xavier Goodridge crafts idiosyncratic expressions of Pinot Noir born on his organically farmed vineyard in Gippsland. In collaboration with exceptional growers from across Victoria, he sources the highest quality grapes for his Papa range. Xavier's winemaking supports his philosophy of letting the vineyard's work shine through in the finished wine. For him, winemaking is the 'easy part', as he believes that the foundation for great wines is laid in the vineyard itself. His approach revolves around minimal intervention, allowing the grapes to express their natural characteristics without manipulation allowing the fruit to take centre stage. The result is a wines that captivate the senses with their purity and lively energy.

Small Wonder

Small Wonder stands for so-called “cool climate wines”, which are just right for the times, and specializes in Chardonnay, Pinot Noir and aromatic white, wine types that suit the location perfectly. It was precisely the cool possibilities that attracted the people behind Small Wonder to Tasmania – and of course the captivating, beautiful Tamar Valley. Here was an estate where wine had been produced for decades and which now welcomed new owners. Overstory is the company behind the venture and in connection with Small Wonder being taken over, an established winery in Margret River, Australia was also bought. The vision is the same for both addresses – a responsible business that can give something back to the place. Since 2022, all Overstory’s vineyards are organically certified according to ACO, Australian certified organic. Two new wineries are under construction both in Tasmania and in Margaret River, which will also be certified and with the latest technology.

Patrick Sullivan's passion for wine began while working in vineyards during school breaks. His university studies in viticulture deepened his fascination with Chardonnay, particularly its expression in the rich volcanic soils of Gippsland. Eager to expand his knowledge, Patrick traveled the world, gaining firsthand experience in farming and winemaking. In 2013, he settled in Ellinbank, Gippsland, where he established Tumblestone Farm Vineyard with his family. He now cultivates grapes on Tumblestone and manages four additional exceptional vineyard sites within the Baw Baw Shire.

Tom and Fiona named the label Rock Ferry after a landmark property on the north bank of the Wairau River. The property has a rock outcrop where early settlers would base themselves to be ferried across the gravelly, flood prone Wairau River to reach the fledgling township. Today, Tom, Fiona and their team grow organic wines from their four unique vineyard sites in two of New Zealand's premier winegrowing regions. Three are in Marlborough; the Orchard Vineyard, where the winery is located, The Corners Vineyard, home to the Rock Ferry Cellar Door, and Brookby Springs Vineyard in the Southern Valleys sub-region. Last but not least is Trig Hill Vineyard, which is Rock Ferry's home away from home, in the rugged Bendigo sub-region of Central Otago.

Nestled in the distant Frankland River of the Great Southern, our home is one of the world's most isolated. Our terroir, soil, and climate are one-of-a-kind, and every experience here is rare—from the extraordinary majesty of the open sky to vistas that seem endless. Our wine, born from the distinctive character of our land, is perhaps the rarest experience of them all. We take our time, subtly crafting each vintage, bottled under our own label. Set in the heart of Central Otago's Upper Clutha basin, our 12 hectare vineyard sits alone at 380 metres above sea level on a stunning north facing slope which hides a special geology. Here we are obsessively dedicated to the production of exceptional Pinot noir, in fact it's all we grow. We planted 40,000 vines in 2002; we patiently tended them then launched our wine - akitu (which means the apex or highest point) with our 2012 vintage. This is fine wine from a magnificent and unique place - Central Otago at its exceptional best.

A family owned estate, hidden in the Southern Valley's of Marlborough New Zealand, one of the world's purest wine regions. Deep in the Waihopai Valley, Bryan and Jan Johnson had the audacity to establish 180 hectares of estate vineyards on land considered too hard, too dry and too unfertile for wine. It was a venture that started with a passion for the land. This pioneering spirit established one of New Zealand's most successful family-run wineries, now growing 7 varietals including Sauvignon Blanc, Riesling, Chardonnay, Pinot Gris, Gewurztraminer, Pinot Noir and Syrah.

This area's cool climate is perfect for ripening high quality Sauvignon Blanc grapes and providing them with their typical lemon and grapefruit flavours, together with crisp acidity.

LVDO was established in 2018, by Marcell Kustos, a former wine scientist turned one of Australia's top sommeliers. The Latin name means "to play, challenge, and explore," and is driven by intent to make elegant wines of definition, character and difference. Marcell achieves this by celebrating each vineyard's unique qualities, Australia's heritage and emerging grape varieties, and the science and art of winemaking. All wines are naturally fermented and aged in ancient barrels in the gravity-fed winery. They are vegan, unfinned, and unfiltered, allowing the varietal character and regional typicality to shine. Marcell's commitment to organic principles is reflected in the transparent labelling, which lists all ingredients and features watercolour paintings of the wine under microscope. A symbol of intention and imagination from grape to glass!

Neal and Judy Ibbotson have been viticulture pioneers in Marlborough since 1978. The grapes from their vineyard were originally supplied to local wine companies, however they wanted to showcase the quality they had achieved in their vineyards through to the finished wine as well. This desire is what led to the establishment of Saint Clair Family Estate in 1994. Neal combines his extensive viticultural expertise, the unique mix of Marlborough's climate and soils, and the talent of one of New Zealand's leading winemaking teams to achieve this mission.
