**AUSTRALIAN
WINE
TASTING
2019**

**OSLO,
NORWAY**

MONDAY 14 OCTOBER

#aussiewine

Welcome

Australia began making wine over two centuries ago. It's a country rich in old vines, multi-generational winemaking families and an ingrained knowledge and respect of the craft. Add to that a yearning to innovate, a fearless attitude and a diverse patchwork of 65 wine regions and more than 100 grape varieties, and you have the makings of an extraordinary wine country like no other.

As this year's tasting in Oslo, we'll be showcasing more than 250 wines, representing 17 wine regions. You will discover wines from some of our most renowned regions, to the lesser known. Some of the wineries here you'll be familiar with, but others you might not have come across before. 13 producers at the tasting aren't yet in the Norwegian market and are seeking distribution.

Visit our focus tables to explore a diverse range of Australian wine from three regions – Orange, Margaret River and Riverina. On the three tables, the wines display a unique sense of place, the personality of the winemaker and different winemaking techniques. From the revered classics and regional heroes to exciting new varieties and styles, you'll discover Australian wines that are far from ordinary.

At today's tasting, we're looking forward to introducing you to Australian Wine Discovered. This is our new education programme, which provides free information packs, tools and resources to discover and share Australian wine. With editable presentations, videos, maps, tasting mats and more, it's a fantastic resource for wine educators, importers, distributors and retailers. Explore the programme with the Wine Australia team or check out www.australianwinediscovered.com

The Australian winegrape crush for 2019 is estimated to be 1.73 million tonnes, just 1% below the 10-year average, according to the National Vintage Report 2019. This figure is well above early predictions that the harvest would be 10-20% down on the 2018 vintage. Overall the challenging weather conditions were mitigated where possible and the lower yields were offset by exceptional colour and flavour in the resulting wines. It was another high-quality vintage for our wines and the good-sized crop will mean that we can continue to supply our export and domestic markets.

Exports of Australian wine continue to grow globally and there are encouraging signs of positive growth across a number of markets in Europe. The latest Export Report (MAT June 2019) shows that exports of Australian wine to Norway are up 10% to AUD \$6.2 million. We hope that today's tasting will highlight why Australian wine is thriving in this market.

Don't forget to share your discoveries with us and your fellow tasters. You can join the online conversation with the hashtags #aussiewine. We're on Twitter (@Wine_Australia), Instagram (wineaustralia) and Facebook (WineAustralia).

If we can help to answer questions, educate or inspire you, please ask one of the Wine Australia team or drop us a line later on europe@wineaustralia.com. We hope you enjoy the tasting and look forward to hearing your feedback.

FOCUS TABLES

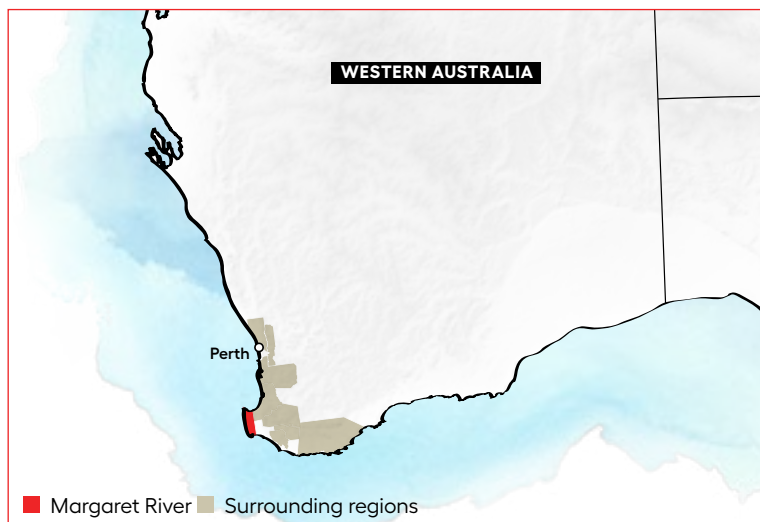

Visit our focus tables to explore a diverse range of Australian wine from three regions – Orange (New South Wales), Margaret River (Western Australia) and Riverina (New South Wales). On the three tables, the wines display a unique sense of place, the personality of the winemaker and different winemaking techniques. From the revered classics and regional heroes to exciting new varieties and styles, you'll discover Australian wines that are far from ordinary.

FOCUS TABLE ONE MARGARET RIVER

Margaret River is one of the most isolated wine regions in the world, with ancient forests, pristine beaches, and plants and wildlife found nowhere else. It's also home to passionate winemakers crafting premium wine.

Three hours from Perth, Margaret River was once a hidden oasis, occupied by dairy farmers and surfers. In the 1950s and 60s scientists deemed it ideal for growing high-quality grapes and things moved quickly. Today there are over two hundred wineries in Margaret River, producing around 20% of Australia's premium wines from just 3% of Australia's total crush.

The region's maritime influences, ancient soils, modern history and pioneering winemakers all contribute to the production of world-class wines. Margaret River is renowned for powerful, yet elegant, Cabernet Sauvignon and fresh, focused Chardonnay.

FOCUS TABLE TWO ORANGE

Charlotte Gundry • Executive Officer
Orange Region Vignerons Association
m: +61 400 036 743
Email: charlottegundry@me.com
www.orangewinefestival.com.au

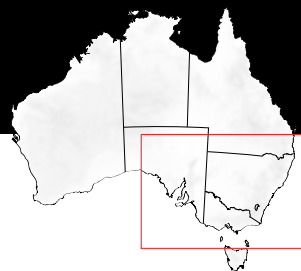

Orange, located three-and-a-half hours west of Sydney in New South Wales, is a gourmet hotspot with a reputation for delicious regional produce, from berries and truffles to cheese and wine.

Sitting 600 to 1,150 metres above sea level, Orange has one of the highest vineyard areas in Australia. Its undulating landscape is dominated by the extinct volcano, Mount Canobolas. The region's cool climate, with cold nights and dry autumn conditions, and rich volcanic soils make it ideal for grape growing.

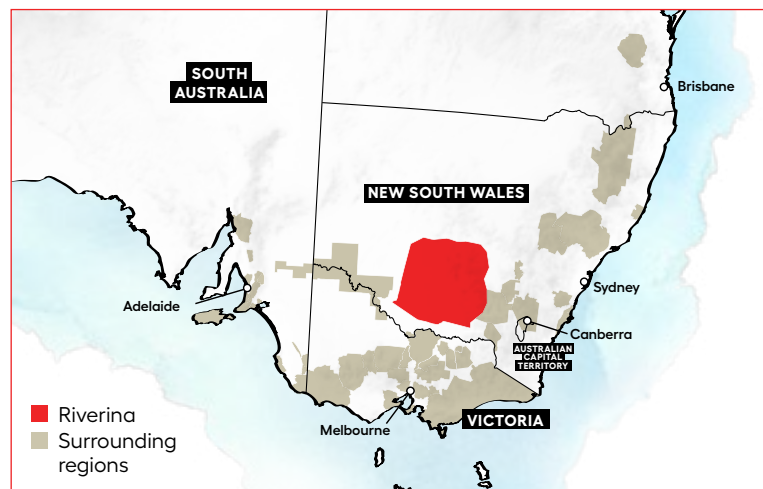

Orange has more than 60 wineries producing a diverse range of wines. Shiraz, the region's most planted variety, is the hero red wine. For white wines Riesling is one to watch, but Chardonnay has really stolen the show. Chardonnay grows well at elevation, producing varying styles from crisp and elegant through to robust and full-flavoured.

FOCUS TABLE THREE RIVERINA

Carrah Lymer
Riverina Winemakers Association Inc.
m: +61 427 660 151
Email: carrah@emergencecreativeagency.com
www.riverinawinemakers.com.au

Vines flourish in the warm and fertile Riverina wine region in New South Wales. It's a natural beauty with a vibrant food scene and home to some of the biggest names in Australian wine, like De Bortoli and Casella.

The region's speciality is sweet wine made from Semillon, although winemakers are exploring and experimenting with alternative varieties that are well-suited to the warm, dry climate. The late ripening Durif variety, a cross between Shiraz and the less well-known Peloursin, is emerging as one of the region's star reds.

With high tannins, acidity and ageing potential, Durif was historically used in blends to add body and structure to other wines. In the Riverina the variety is now making a name for itself on its own, as well as in serious blends, and is producing characterful, concentrated and aromatic wines.
