

Welcome to our regular community newsletter to keep you informed about Melbourne Airport operations and projects, runway plans, opportunities at the airport and other related news. We welcome your feedback about what is important to you.

Bonza takes off

Australia's newest domestic airline has taken off from Melbourne Airport, with Bonza launching low-cost services to nine destinations in Victoria, New South Wales and Queensland.

Operated by a brand-new Boeing 737-MAX, flight AB1023 took off from Melbourne Airport bound for the Sunshine Coast on 30 March. Seven of the routes Bonza is flying from Melbourne were not previously served.

Melbourne Airport is proud to be the airline's only capital city destination and the base for two of its aircraft, as well as dozens of pilots and cabin crew.

The launch of Australia's fifth domestic carrier is expected to help generate hundreds of extra jobs in Victoria's aviation and tourism sectors.

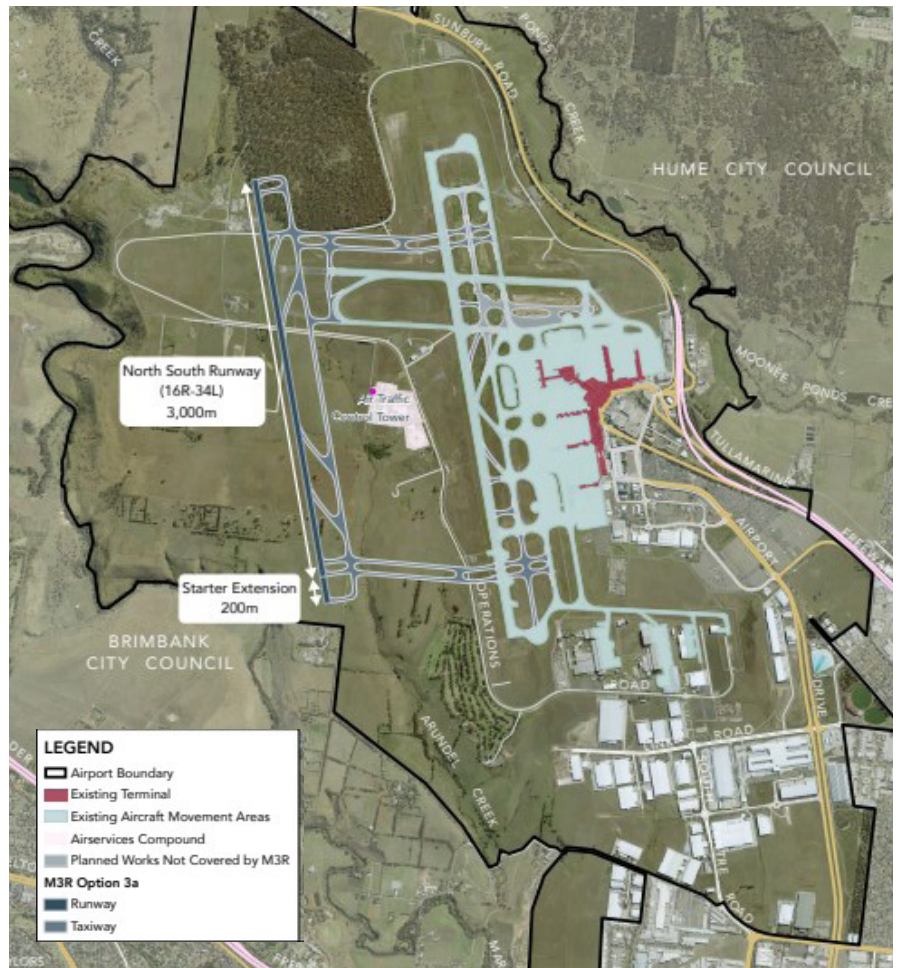

Melbourne Airport's new runway is being planned to ensure there is sufficient capacity available for airlines such as Bonza to grow.

Melbourne Airport's Third Runway Major Development Plan

Melbourne Airport has reviewed community feedback on its third runway proposal and has now submitted a draft Major Development Plan to the Federal Government for approval. Consistent with the current Master Plan, the airport plans to build a new 3,000-metre-long runway 1.3 kilometres to the west and parallel to the existing north-south runway, which will help ensure Melbourne Airport has sufficient capacity to service Victoria's growth.

Process summary*

Flying high on International Women's Day

On 8 March, in what's believed to be a first in Australian aviation history, a commercial flight was fully managed, crewed and handled end-to-end by women to celebrate International Women's Day. Melbourne Airport was proud to partner with Virgin Australia, Airservices

Australia and Brisbane Airport to ensure all key touchpoints and tasks related to flight VA313 from Melbourne to Brisbane involved women. From ground crew to flight crew, cleaners to refuellers, air traffic controllers and airfield safety officers- the flight served to highlight the huge variety of roles available across the industry.

Join Australia's best!

The Melbourne Airport team was recognised as the Best Airport Staff in Australia/Pacific at the recent Skytrax awards and is continuing to grow as travellers return to the sky.

Passenger numbers for Christmas peak

December 2022 - January 2023

Total passengers (excluding transits)

5,342,887 ↓ 19% compared to Dec 2019 - Jan 2020

Domestic passengers

3,758,011 ↓ 15% compared to Dec 2019 - Jan 2020

International passengers

1,585,011 ↓ 27% compared to Dec 2019 - Jan 2020

Passenger numbers for July 2022 to February 2023

Total passengers (excluding transits)

20,079,053 ↓ 20% compared to July 2019 - Feb 2020

Domestic passengers

14,865,637 ↓ 15% compared to July 2019 - Feb 2020

International passengers

5,213,416 ↓ 32% compared to July 2019 - Feb 2020

Community pop ups

Flying with pride at Midsumma Carnival

Melbourne Airport and a 120,000 plus crowd made the most of a perfect Melbourne day to celebrate Victoria's LGBTQ+ community at the Midsumma Carnival. Located on the green of the Alexandra Gardens earlier this year, our team spoke to many about jobs, aviation recovery, the return of China and everything airport! Melbourne Airport is proud of its diverse workforce and looks forward to supporting Midsumma next year.

We also visited the aircraft viewing area on Sunbury Road, Bulla in March to speak to people about the airport and aviation and handed out our popular junior spotter's booklet.

Come down and see us at one of our upcoming community pop ups:

Sunday, 16 April at the Keilor Heritage Day where we will focus on Melbourne Airport's heritage, including First Nations — Harrick's Cottage and Police Hut, 152 Harrick Road, Keilor Park, 12-4pm

Saturday, 3 June at the aircraft viewing area on Sunbury Road, Bulla, 12:30-3:30pm.

Spot the bandicoots!

Travellers flying to or from Melbourne Airport will soon see an unusual sight from the sky, with the Bandicoots on the Flight Path project under way to create giant bandicoots at Woodlands Historic Park.

Inspired by Marsupial Masterpieces at Iramoo Wildflower Grassland Reserve, revegetated indigenous wildflowers have been planted in the shape of giant, 25-square-metre bandicoots. A collaborative project between team members from Parks Victoria, Melbourne Airport, Conservation Volunteers Australia and Melbourne Water, with students from Greenvale Secondary College and Penleigh and Essendon Grammar School.

Woodlands Historic Park is home to the Parks Victoria Bandicoot Breeding Program. The park is also part of nearby works to

upgrade the Moonee Ponds Creek 'Bandicoots to Bay' shared trail, including the Murrup Gurrong Yan (Spiritual Creek Walk).

Bandicoots on the Flight Path is just one of many projects led by Chain of Ponds, an ambitious group working to transform Moonee Ponds Creek into an iconic Melbourne waterway that provides social, cultural, and environmental benefits.

Chain of Ponds includes representatives from local and state government, community groups, not-for-profits, water authorities and research organisations who are committed to improving the Moonee Ponds Creek.

On the road to easier airport access

Access to the Terminal 4 carpark and pick up zones will soon be easier, with construction of a new elevated link between the Tullamarine Freeway and ground transport hub nearing completion. The final beam lift on the structure was undertaken in March, with the new road expected to open in the middle of the year. Once open, the road will eliminate all intersections between the freeway and the Terminal 4 carpark. Planning is underway for a second stage of the project that will provide traffic-light-free access from the freeway to the Terminal 123 carpark.

ENGLISH

Melbourne Airport publishes a regular newsletter to keep you informed of our operations and projects, runway plans and other related news. The airport is an important hub for Australia's international and domestic networks and is currently seeking federal government approval to build a new north-south runway, which will result in changes to flight paths around the city. It is important that we keep you up to date with what is happening and that we continue to hear what is important to you. The newsletters have been translated into a variety of languages.
