Naarm Way Stage 2: we're building a better way to enter Melbourne Airport

As travel demands increase, Melbourne Airport is committed to delivering travellers a seamless airport experience. Construction will soon begin on Stage 2 of Naarm Way, which will transform the way people arrive and depart the airport.

This project will provide a direct connection from the Tullamarine Freeway to new dedicated pick-up and drop-off zones in the Terminal 1, 2, 3 Car Park, significantly reducing traffic congestion and enhancing overall safety for everyone. As a result of these infrastructure works, we will be experiencing some disruption on our roads and in our Car Parks.

These construction works will see the temporary loss of parking bays in the Value Car Park, and the permanent loss of parking bays in the T123 Car Park.

We encourage travellers to plan ahead, book parking online for the best rates, and arrive early to allow time to navigate the changing roads and find parking, particularly during busy holiday periods.
