OVERVIEW

The Maple-Brown Abbott Australian Share Fund - Retail (the "Fund") is an actively managed fund that invests in a select range of listed Australian equities. The Fund may also invest in unlisted equities provided that they are expected to be listed within 3 months from the date of investment. The Fund offers investors exposure to a portfolio that has a value bias with the potential to provide long-term capital growth and income. We seek companies that have higher levels of franked dividends than the market and where we assess the discount to intrinsic value is sufficiently attractive. The Fund gains exposure to small cap stocks by purchasing units in the Maple-Brown Abbott Small Companies Trust. The Fund typically holds at least 30 stocks.
